Inglescombe Yellow

This splendid yellow tulip is often known as the "Yellow Darwin." Of all yellows it is the most dependable—easily grown, long lasting and a splendid cut flower. Our top size Oregon Grown Bulbs, at a very special price:

12 for 50c, 100 for \$3.50, postpaid.

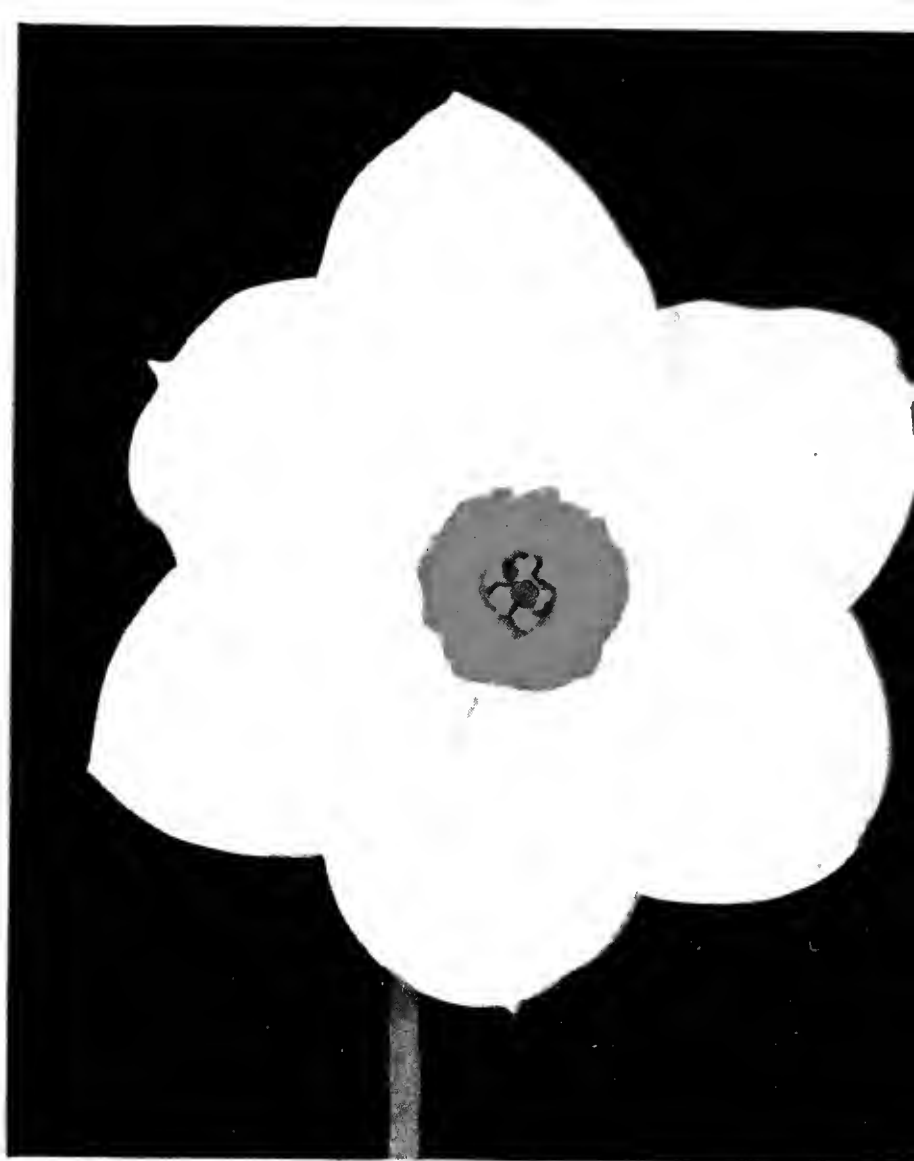

*Bulbs of Quality
from Grower to You*

CONLEY'S BLOSSOM FARM

1759 FRANKLIN BOULEVARD , , EUGENE, OREGON

Silver Star (See page 6)

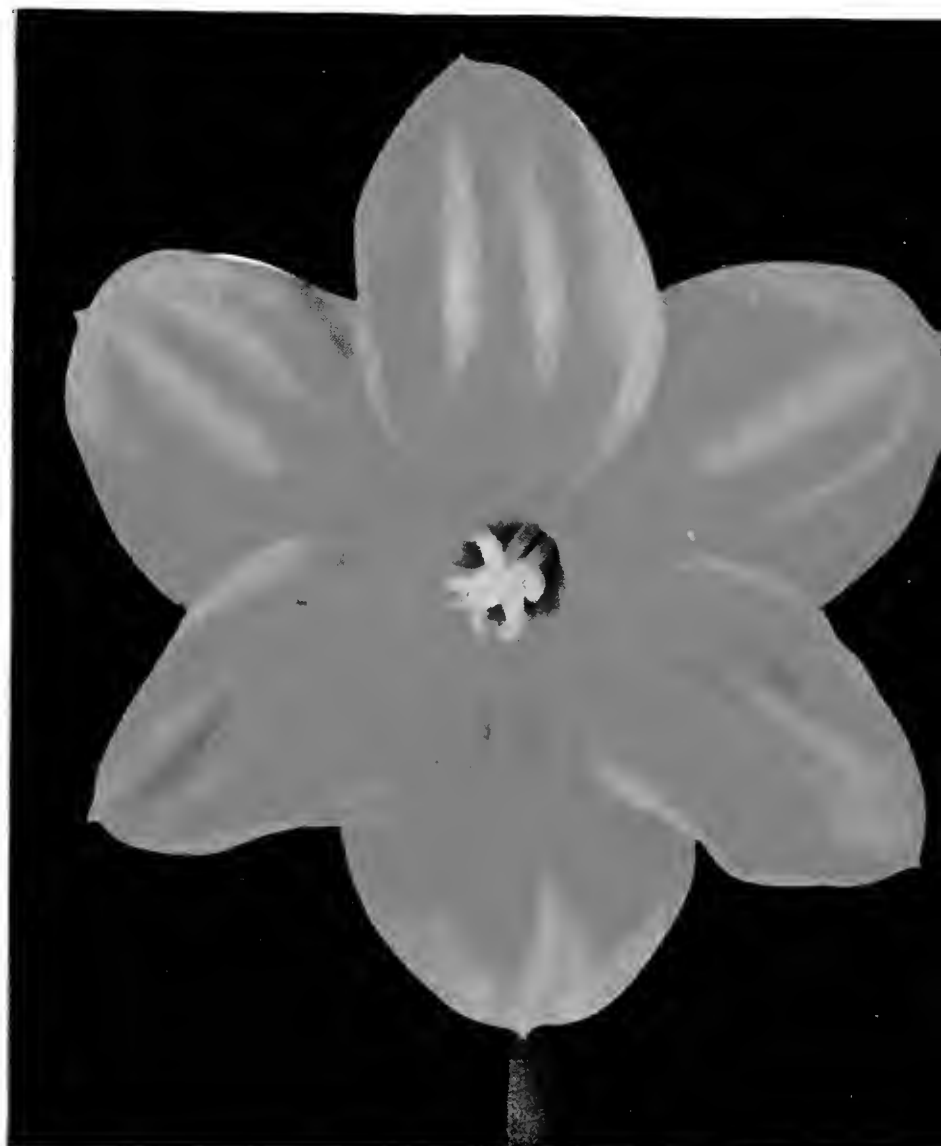

Horace (See page 6)

Pictured here are four of the finest daffodils — now most moderate in price. To encourage our customers to try some of these newer varieties we make this special offer:

**6 Silver Star, 12 Horace, 6 Twink, and 3 Red Cross
for \$3.20.**

Twink (See page 7)

Red Cross (See page 5)

Greetings!

ONE OF THE PLEASANT TASKS of the year is writing this little letter to our friends and customers. We have come to feel that very many of our customers are indeed our friends—your letters and comments show it. Each of your orders gets our personal attention. We hope we can always keep on doing that. It removes a lot of the cold impersonality from our business relations.

It has been a wonderful year for the bulb crops. Never have we seen them come out of the ground in better shape. Our plantings are greatly increased and we will have many more bulbs than ever before. However, if your orders pour in with the increased volume that they did last year, all of the bulbs will be needed. Some things are always scarce. The earlier orders naturally have the best chance of being filled as ordered.

In spite of greatly increased costs of labor and supplies we have not found it necessary to increase many prices. In fact a lot of things have been reduced.

As a general rule the finest big bulbs go to the greenhouse forcing trade and the second and third grades are sold for outdoor growing. We make it a rule to use the finest, most carefully selected top size and quality bulbs for our retail trade. Always we try to give a little better value than is expected.

If you have never tried our Pacific Coast grown bulbs we hope you will favor us with an order this year. We think you will like them.

CONLEY'S BLOSSOM FARM

PAT AND LOLA CONLEY

Assorted Narcissi-Daffodils for Naturalizing and for Cut-flowers

Each year we sell more and more of this splendid mixture. We think that this is because we try to make it just as good as we can. Since we grow the bulbs ourselves we know what the mixture contains. Nothing is used except the good named varieties listed on the following pages. A customer in California wrote this spring: "I have certainly enjoyed the Assorted Narcissi-Daffodils. I have never bought any collection of bulbs or flowers that have been so satisfactory. They are lovely and such a grand variety. I have had some of my garden club members to see them. Everyone says they are going to order one of your next season's collections." Each package contains the following and many other fine varieties: King Alfred, Tresserve, Golden Spur, Spring Glory, Victoria, Sir Watkin, Poetaz varieties, several of the Barrii and Leedsii sorts and the true poet's narcissi. Large double nose bulbs, 24 for \$1.00, 100 for \$3.95, 1000 for \$36.50. Large round bulbs, 50 for \$1.75, 100 for \$3.25, 1000 for \$29.00.

LARGE TRUMPET DAFFODILS

Tresserve *Van Waveren's Giant* *Olympia*

Division 1. The trumpet or crown as long as or longer than the perianth segments (petals).

CLASS A—ALL YELLOW

Aerolite. Large beautifully proportioned flower. Early. One of the longest lasting daffodils. Medium yellow trumpet with primrose perianth made up of broad flat petals. 12 for \$1.50.

Cleopatra. Latest yellow daffodil. Long light yellow trumpet and lemon-yellow overlapping petals. 12 for \$1.60.

Duchanel. Beautifully balanced flower of giant size. Brilliant clear self yellow. The widely flaring trumpet is deeply frilled. Each 50c.

Emperor. Perianth primrose, trumpet yellow. Medium sized flower on a good stem. Fine for naturalizing. 12 for 75c, 100 for \$5.00.

Golden Spur. Uniform rich golden yellow. The earliest daffodil for outdoors or for forcing. Double nosed bulbs, 12 for 75c, 100 for \$5.00. Large round bulbs, 12 for 60c, 100 for \$4.00.

King Alfred. The "Gold Standard" of daffodils. Large golden yellow flower of great substance on a tall strong stem. Very long lasting in the garden or when cut. Vigorous substantial growth. Indispensable for any garden. First size round bulbs, 12 for \$1.00, 100 for \$7.50. Double-nosed bulbs, 12 for \$1.20, 100 for \$8.50. Mammoth double-nosed bulbs, 12 for \$1.50, 100 for \$10.00.

Olympia. Very large flower with a most beautifully frilled trumpet of clear yellow. The gracefully twisted perianth is primrose. A vastly improved Emperor. 12 for \$1.50, 100 for \$10.00.

Tresserve. One of the most popular of the giant trumpet daffodils. Deep canary yellow trumpet with lighter perianth. The widely expanded trumpet mouth is deeply lacinated. 12 for \$1.00, 100 for \$7.50.

Warwick. One of the finest King Alfred seedlings of a deeper golden yellow color. Very early. Splendid substance. 3 for 50c, 12 for \$1.75.

CLASS C—BI-COLOR DAFFODILS

Beppy. This daffodil has a huge widely flaring trumpet of deep yellow. The pure white perianth reaches forward around the trumpet, making a very striking appearance. 12 for \$1.25.

Glory of Sassenheim. Broad creamy white perianth and bright canary-yellow trumpet. Very free flowering. 12 for 80c, 100 for \$6.00.

Spring Glory. Large golden yellow trumpet backed by long pure white petals. A good clear flowering on an excellent stem. Free flowering. Double nosed bulbs. 12 for 80c, 100 for \$6.00. Large round bulbs. 12 for 60c, 100 for \$4.50.

Van Waveren's Giant. One of the largest of all the trumpet daffodils. Creamy perianth, large bright yellow trumpet. 12 for \$1.75.

Victoria. Bold erect flower, creamy white perianth with broad yellow trumpet. Fine forcer and excellent for naturalizing. Double nosed bulbs. 12 for 80c, 100 for \$6.00. Large round bulbs. 12 for 60c, 100 for \$4.50.

Madame de Graaff

CLASS B—ALL WHITE DAFFODILS

Madame de Graaff. This lovely graceful daffodil was the first of a new class and the most famous of the white trumpets. A rather low growing free flowering plant. The trumpet opens pale primrose changing to white. Late. 12 for \$1.50, 100 for \$10.00.

Mrs. E. H. Krelage. The best white trumpet of a medium price. When fully developed the color is a uniform ivory white. Smooth waxy texture. Long stems. 12 for \$2.00.

Mrs. R. O. Backhouse. The famous "pink" daffodil. The long trumpet is apricot pink changing to shell pink at the deeply fringed edge. Ivory white perianth. Delicately beautiful but of exceptional substance and long lasting. Each \$2.00.

MIXED LARGE TRUMPET DAFFODILS

An excellent mixture of all the types of large trumpet daffodils—at least nine varieties—made up from the varieties listed here. Double nose bulbs. 15 for \$1.00, 100 for \$5.00, 1000 for \$45.00.

Incomparabilis Narcissi

Division 2. The cup or crown measuring from one-third to nearly equal the length of the perianth segments. The perianths are white or yellow and the cups yellow, yellow shaded with red or all red.

Bernardino. Broad creamy perianth with fluted cup of soft yellow edged apricot. One of the most beautiful of the medium priced narcissi. Free flowering and good grower. 12 for \$1.00, 100 for \$7.50.

Croesus. Creamy yellow overlapping perianth. Widely expanded cup of clear orange. Excellent form and substance. 3 for 50c, 12 for \$1.50.

Dick Wellband. This marvelous variety created a sensation in our displays this spring. The perianth is pure white and the large cup is flame orange. This striking contrast makes it stand out in any collection of daffodils. The color does not fade but intensifies with age. Each \$2.00.

Francisca Drake. The very wide petals are of unusual substance, pure white tinted gold at the base. The wide open cup is golden yellow at the base changing to flame orange at the densely frilled edge. Tall and strong growing. Each 75c.

John Evelyn. This will be one of the greatest daffodils for years to come. Pure white perianth 4-5 in. across. Very wide flat cup densely frilled and fluted of yellow tinted apricot. Each 35c, 12 for \$3.50.

Lucifer. Graceful perianth of long white petals. Yellow orange cup shading to orange-red. A fine flower for out-of-doors as it holds its color remarkably well. One of the earliest of the bright cups. 12 for 75c, 100 for \$5.00.

Lucinius. A self-colored rich golden-yellow flower of unusually good form. Especially desirable where a clear, all yellow flower is wanted. 12 for \$1.50.

Mi-Careme. Very tall and outstanding new variety. Perianth citron yellow with deep yellow cup shaded with orange. Comes early and lasts very long. Each 25c.

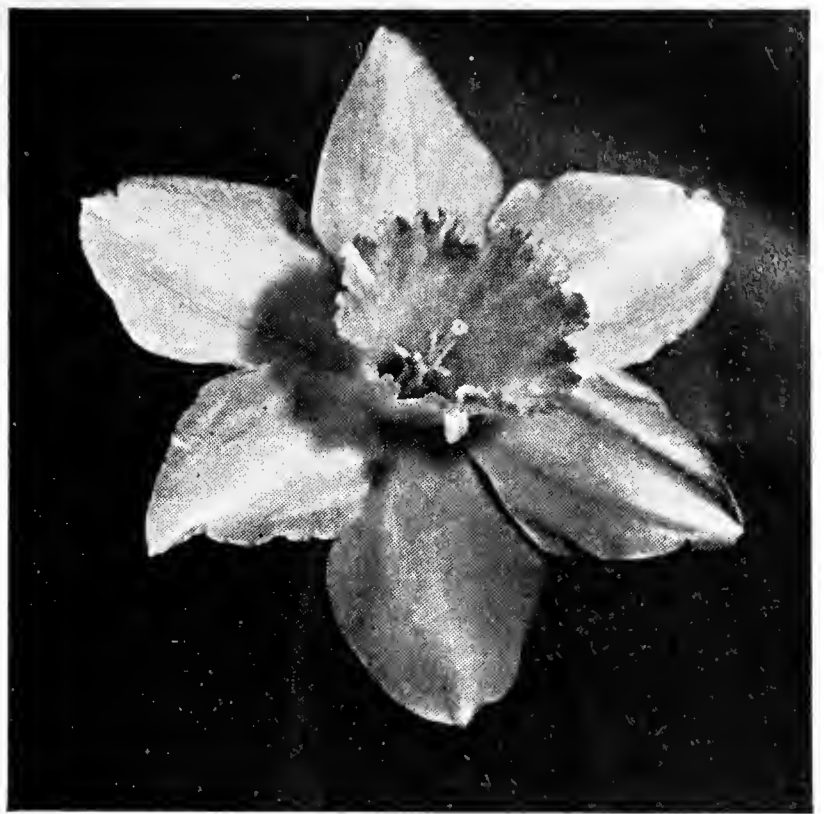

Red Cross. Famous throughout the daffodil world. Extra large strong flower with flat primrose-yellow perianth and a deep yellow cup densely frilled with orange. Substantial and long lasting. 35c each, 3 for \$1.00.

Sir Watkin. One of the indispensables. A very free flowering variety with splendid foliage and large flowers on good stems. The flowers have a primrose perianth and deep yellow cup. Excellent for naturalizing and for cutting. Large double-nosed bulbs, 12 for 75c, 100 for \$5.00. Large round bulbs, 12 for 60c, 100 for \$4.00.

Walter Hampden. The exceptionally large flowers have bright primrose perianth and pure yellow trumpet with a tinge of orange in the frills. Very tall and outstanding. A fine companion for Dick Wellband. Each \$2.00.

Whitewell. Fine large flower of splendid substance. Broad white perianth, cup deep primrose with orange edge. 12 for 90c.

Will Scarlet. Fiery orange-scarlet cup, very broad and nicely frilled. The reflexed perianth is creamy white. Fine for rock gardens or by a pool. 12 for \$1.00, 100 for \$7.50.

Incomparabilis, Sir Watkin

Barrii Narcissi

Division 3. Cup or crown less than one-third the length of the perianth segments. The colors are the same as the incomparabilis division. Many of them have cups of intense red. They are free flowering, hardy, and increase rapidly.

Barrii Conspicuus. Bright yellow perianth and short broad cup, conspicuously edged brilliant orange-scarlet. Rapid of increase and free flowering. A delightful sweet-scented cut flower with a long stem. Special low price. 12 for 50c, 100 for \$3.

Diana Kasner. The overlapping perianth of purest white has great substance. Large fluted yellow cup with orange red frill. A magnificent free flowering novelty of rare beauty. Highly recommended. 12 for \$1.50.

Early Surprise. A handsome early flower of semi-dwarf growth. Fine for naturalizing. Frilled yellow cup edged bright orange, pure yellow perianth. 12 for 80c, 100 for \$6.00.

Firebrand. Small cup of intense fiery red. Star shaped perianth of creamy white. A bright small flower especially fine for naturalizing in partial shade. 12 for 60c, 100 for \$4.00.

Firetail. Very attractive flower with broad overlapping perianth of creamy white. Large orange cup with scarlet orange frill. Each 25c.

Lady Moore. Pure white perianth, yellow cup with orange frill. Substantial flower remaining in good condition where many others "burn". Late. 12 for \$1.50.

Masterpiece. Creamy white star-shaped perianth, flat nicely frilled orange-red cup. Tall stem. Late. 12 for 80c, 100 for \$6.00.

Mrs. Barclay. Large flower with flat broad-petaled perianth of pale primrose changing to pure white; deeply frilled flat cup of yellow edged orange-red. Each 25c.

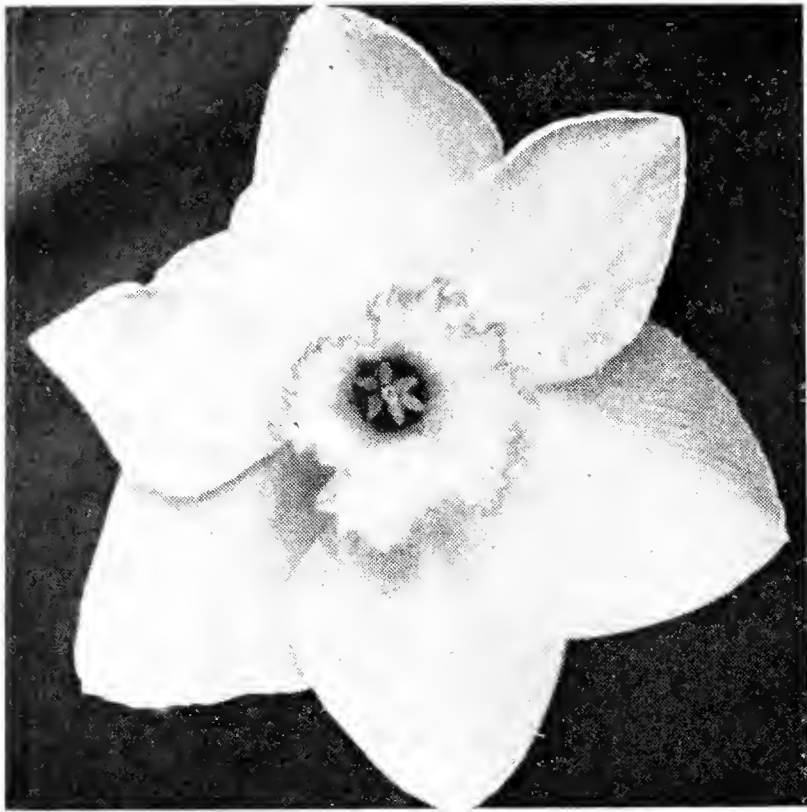

Nanny Nunn. Creamy white perianth of wonderful substance. Glowing cup of orange-scarlet that lasts well. 12 for \$1.50.

Red Chief. The broad perianth is of purest white, the cup intense orange red. A striking flower. 12 for 80c, 100 for \$6.00.

Mixed Medium and Small Cup Narcissi

These narcissi are particularly satisfactory for naturalizing and woodland or by the water-side as they are very hardy and flower with great freedom. For cut flowers they have a charming and graceful appearance, much more light and airy than the large trumpet daffodils. The assort-

ment is very comprehensive, containing white and yellow flowers with yellow, orange and red cups, some pure white varieties, the hardy bunch flowering Poetaz narcissi and the always beloved Poet's narcissi, all double nose bulbs (that means two blooms from each bulb the first season). 25 for \$1.00, 100 for \$3.70, 1000 for \$34.00.

Leedsii Narcissus

Leedsii Narcissi

Division 4. Perianth white, cup white, cream, or pale citron, sometimes tinged with pink or apricot. In size of cup this division corresponds to the Barrii and Incomparabilis groups.

Delaware. Very gracefully formed flower of most remarkable substance. The large cup which is exceptionally deeply wrinkled opens a golden quince color changing to creamy lemon. Pure white perianth. Delightfully fragrant. **Each \$1.25.**

Gertie Millar. Wonderful flower of the new Giant Leedsii type with pure white perianth as large as Van Waveren's Giant. Beautifully proportioned pale primrose cup deeply fluted and frilled. **Each 75c.**

Hera. One of the most chastely beautiful of all daffodils. Broad petaled creamy-white perianth and deeply frilled cup of creamy white edged delicately with apricot. When fully developed the whole flower becomes a beautiful clear white. **12 for \$1.20.**

Lord Kitchener. Broad flat, pure white perianth of firm substance. Large cup of a delicate pale primrose nicely frilled. **12 for \$1, 100 for \$7.50.**

Mrs. Langtry. White perianth, cup edged lemon-yellow when opening, but soon becomes pure white. Rapid multiplier and free flowering. One of the best for naturalizing. **12 for 50c, 100 for \$3.00.**

Queen of the North. Broad glistening white perianth. Medium size lemon-yellow cup that is prettily fluted. A very attractive flower on a tall stem. **12 for 75c, 100 for \$5.00.**

Silver Star. One of the very loveliest daffodils and now most moderate in price. Broad creamy-white perianth with a beautifully ruffled wide mouthed trumpet just a shade deeper. Unusually free flowering. **3 for 40c, 12 for \$1.50.**

St. Olaf. Wide imbricated perianth, frilled broad cup, cream edged sulfur. Late. **12 for 75c, 100 for \$5.00.**

ALL-TYPES COLLECTION OF NARCISSI-DAFFODILS

For those who wish a comprehensive collection of many groups of narcissi-daffodils, we are making this money-saving offer. These varieties are all standard dependable sorts that will give a beautiful display for weeks: King Alfred, Mme. de Graaf, Spring Glory, Sir Watkin, Early Surprise, Queen of the North, Single Jonquil, Elvira, Glory of Lisse and Sulfur Phoenix. Large double nose bulbs, **10 each** (100 bulbs) value \$7.50, for \$6.50; **5 each** for \$3.40. Large round bulbs, **10 each** (100 bulbs) value \$6.00, for \$5.00; **5 each** for \$2.65.

Poeticus Narcissi

Division 9. The true Poet's Narcissus. Pure waxy white perianth, flattened eye or cup of yellow or yellow and red.

Actaea. Considered by many as the largest and most beautiful Poeticus in existence. Broad snow-white perianth of great substance, with large eye, broadly margined dark red. **Each 50c, 12 for \$5.00.**

Edwina. Purest white perianth broad and overlapping. The very flat cup is yellow edged with bright red. Fine form and substance. **3 for 45c, 12 for \$1.60.**

Glory of Lisse. Large snowy white perianth of heavy texture. Cup yellow edged red. An improved Poeticus Ornatus. **12 for 70c, 100 for \$5.**

Horace. Large star-shaped perianth of broad gleaming white petals. Flat red eye. Graceful and free blooming. **12 for 80c, 100 for \$6.00.**

Recurvus. The old-fashioned Pheasant's Eye. Perianth pure white somewhat reflexing. Small orange-red cup. Fine for massing in borders or grass. Very late. **12 for 50c, 100 for \$3.00.**

Jonquil, Golden Sceptre

Jonquilla and Jonquil Hybrids

Division 7. All varieties of narcissus jonquilla parentage.

Odorous Camperelli (The Single Jonquil). Two to four beautiful bright yellow flowers on a tall round stem. Delightfully fragrant. Foliage erect and rush-like. Makes very attractive clumps for the border. **12 for 75c, 100 for \$5.00.**

Golden Sceptre. A hybrid of a single jonquil and large daffodil having the color, fragrance and graceful proportions of the former with a daffodil-like trumpet. Tall stem and attractive foliage. Remains in bloom for an exceptionally long time. **12 for \$1.00, 100 for \$7.50.**

Jonquilla Simplex. The true single sweet jonquil of light growth bearing charming clusters of numerous small rich yellow flowers of most delicious fragrance. **12 for \$1.00.**

Odorus Orange Queen. A very striking variety of intense golden orange. Cup prettily fluted. Delightfully fragrant. Two to three flowers on wiry stem produced in great profusion. The gayest of the lot for garden or cutting. **12 for \$1.00.**

Tullus Hostilius. Of the jonquil yellow trumpet type. Two or three golden yellow flowers of remarkable substance. **12 for \$1.00.**

Double Narcissi

Division 10. Full double flowers of white, cream and yellow in a variety of attractive forms.

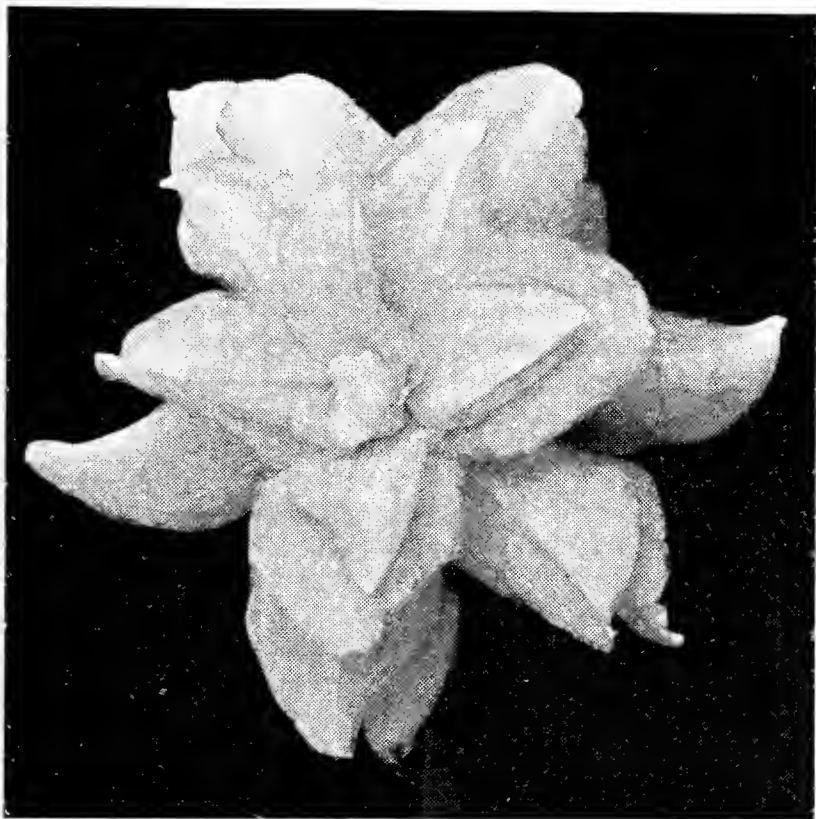

Albus Plenus Odoratus. (Double white Poeticus). Snowy-white sweet scented, gardenia-like flowers much prized for cutting. Likes deep cool soil, not too dry. The latest narcissus. 12 for 75c, 100 for \$5.00.

Cheerfulness. The double Elvira. Beautiful flower with broad white outer petals and creamy yellow center. 3 for 45c, 12 for \$1.50.

Mary Copeland. One of the most famous of the new semi-double type. The longer petals are pure creamy-white, interspersed with shorter petals of lemon and brilliant orange, giving a 3-color effect. Each \$1.00.

Orange Phoenix. Large flowers of creamy white with inner petals of orange. Long willowy stems. Free flowering and hardy. 12 for 75c, 100 for \$5.00.

Sulphur Phoenix (Codlins and Cream). Beautiful sulfur-white flower. A large informal type of flower on a long flexible stem. 12 for 75c, 100 for \$5.00.

Double Narcissus—The Pearl

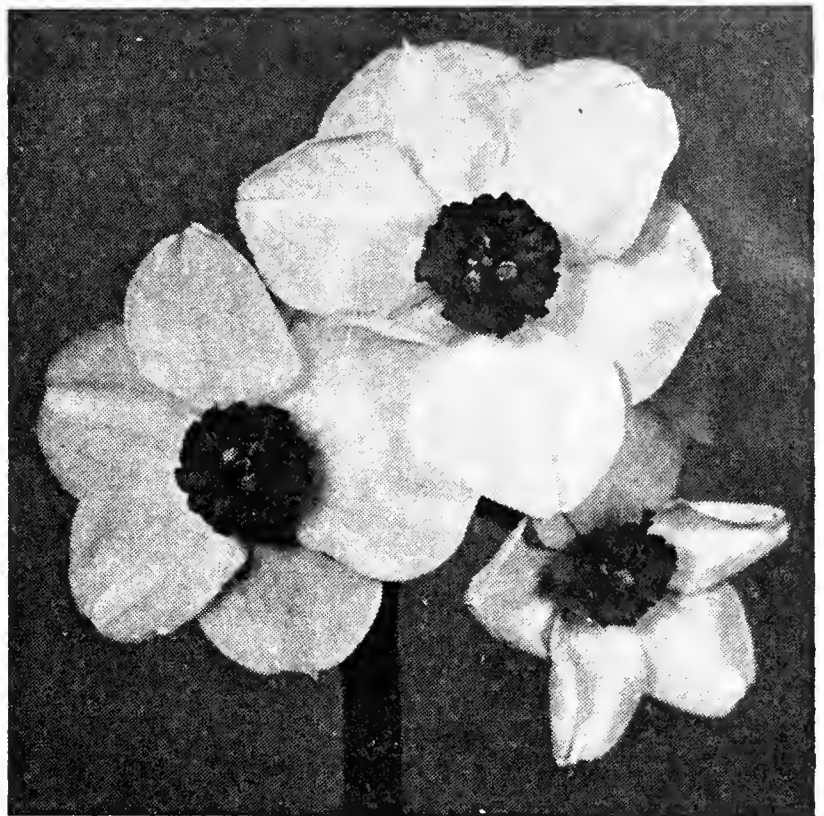

The Pearl. Each year we find that this lovely creamy white narcissus becomes more popular. The flowers are very gracefully formed—not too double—and are borne in profusion. The stems are strong but not too stiff. Blooms well in many warm climates where *Albus Plenus Odoratus* comes blind. 12 for 80c, 100 for \$5.00.

Snowsprite. A double Leedsii. Pure white interspersed with very light lemon. Tall stems. Very late. 12 for \$1.50.

Twink. Large semi-full double flowers with alternating petals of soft primrose and clear orange on tall stems. Each 20c, 12 for \$2.00.

HOW TO GROW NARCISSI

Like all other bulbs, narcissi-daffodils repay us for giving them the proper care by producing more and better flowers. Start with good bulbs; this almost guarantees flowers for the first year. See that the soil is well prepared. This means deep digging and plenty of plant food, especially phosphates and potash. Early planting is advisable. September is the best month for most parts of the country. Cover the tops of the bulbs about 4 inches, and in cold climates mulch well after the ground has frozen. It is a mistake to leave the bulbs too many years without resetting them. They become crowded and fail to bloom. About every third year, dig the bulbs when the tops have ripened. Store in a cool, airy place and reset in the fall. Never move the bulbs before or during blooming time as it will injure their growth very severely.

Poetaz Narcissus Elvira

Poetaz Narcissi

Division 8. Hardy bunch-flowering hybrids of *Poeticus Ornatus* and *Polyanthus Narcissi* such as *Soleil d' Or*. Tall vigorous growers, bearing heads of large, well-formed fragrant flowers. Excellent garden flowers and very early forcers.

Abundance (Helios). Creamy yellow perianth with darker yellow cup. Five to seven flowers on stiff, strong stem. Very free flowering. 12 for 80c, 100 for \$6.00.

Admiration. Beautiful large clusters of about six flowers. The perianth is a soft sulphury-yellow, the cup rich orange-scarlet. 3 for 45c, 12 for \$1.50.

Cheerfulness. See double narcissi.

Elvira. Three or four large flowers with white petals and yellow cup, edged orange. The flowers are held erect on a strong tall stem with good foliage, making it a very effective variety for garden decoration. 12 for 60c, 100 for \$4.00.

Glorious. A delightful informal flower, not so stiff as many of the Poetaz varieties. The perianth is *Poeticus* white with orange eye, edged red. Good for semi-shade. Early. Each \$1.00.

Orange Cup. Nice clusters of six to eight florets. The perianth is soft yellow, the beautifully frilled cup is bright orange-red. Lasts better in partial shade. 12 for 90c.

Mixed Poetaz Narcissi. An excellent mixture containing all the different colors. 12 for 70c, 100 for \$5.00.

Tazetta or Polyanthus Narcissi

Division 8. Tender bunch flowering narcissi used so extensively for forcing in water and fibre. We do not grow these but obtain them from one of the best sources in the country.

Chinese Sacred Lily. Large clusters of white flowers with yellow cups. Each bulb produces several spikes of the fragrant flowers. Very easily grown in bowls of pebbles, or fibre, and water. Each 10c, 12 for \$1.00.

Paper White Narcissus. The most popular bulb for forcing in water. Large clusters of pure white, fragrant flowers. We consider the Chinese Sacred Lilies more satisfactory. 12 for 75c, 100 for \$5.00.

Soleil d' Or. "The Yellow Paperwhite." Golden yellow flowers with orange cup in large clusters. Suitable for forcing or for planting out. Each 10c, 12 for \$1.00.

Unless otherwise specified, all narcissus bulbs are the large double nose grade. These will produce two or more flower spikes the first season.

LITTLE DAFFODILS FOR ROCK GARDENS

These are distinctive sorts quite apart from the general run of narcissi-daffodils. All are hardy and easily grown and would be quite at home in rock gardens. The first three are Triandrus hybrids.

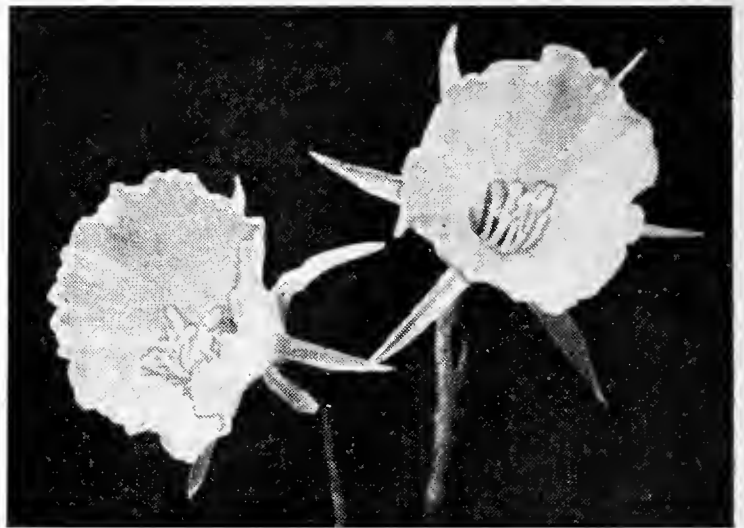

Agnes Harvey. A most dainty pure white flower of drooping habit. One to three flowers on the stem. 12 for \$1.00.

Queen of Spain. A wild hybrid discovered in Spain. One of the most distinct and graceful daffodils. Highly recommended for naturalizing and rock gardens. Soft delicate canary yellow with gracefully reflexing perianth. Height 12 inches. Each 20c, 12 for \$2.00.

Thalia. One of the loveliest flowers imaginable. Each stem bears two to four charming flowers of purest white. It is so graceful that it is known as the Orchid Narcissus. Each 30c.

Bulbocodium Conspicuus. The yellow Hoop Petticoat, flowers rich golden yellow, of hoop-petticoat form and rush-like foliage. Height 6 inches. It blooms from the end of February to early in March, and prefers a sandy peat soil with a fair amount of moisture while in growth, but not in summer; no manure should be given. 12 for \$1.00.

Jonquilla Simplex. See page 6.

Bulbocodium Conspicuus

Canaliculatus. A dainty little polyanthus narcissus suitable for sunny situations in the rock garden. Small heads of three or four flowers, with white perianth and golden cup on six-inch stems. 12 for \$1.20.

February Gold (Cyclamineus Hybrid). A very early little golden daffodil. The trumpet is slightly shaded orange. The perianth is beautifully reflexed. Very distinct. Each 20c, 12 for \$2.00.

SPRING AND AUTUMN CROCUSES

SPRING FLOWERING VARIETIES

Because of their brightness and cheer at the beginning of spring the crocuses have a place in our affections quite apart from other flowers. Everyone heralds the finding of the first crocus as a great event. It is such a cheery little flower and blooms before most other flowers awaken from their winter's sleep.

They like a light sandy loam and if planted 2 or 3 inches deep will continue to increase from year to year. If planted in grass the crocus foliage should be given a chance to ripen before it is cut off.

No Bulbs After November 15

Enchantress. Very pleasing shade of bright porcelain blue, large flowers. Very early. 12 for 40c, 100 for \$3.00.

Grand Lilac. True lilac in color. Large blooms of good lasting quality. The best of its color. 12 for 40c.

King of the Whites. Large flower of purest white with large orange stigmata. 12 for 45c, 100 for \$3.00.

Mammoth Yellow. The most popular of all crocuses. The large golden yellow flowers are produced in the greatest abundance. Mammoth size bulbs, 12 for 45c, 100 for \$3.00. Large bulbs, 12 for 35c, 100 for \$2.50.

Maximilian. Pure porcelain blue. The large delicately colored flowers are freely produced. 12 for 40c, 100 for \$2.75.

Pallas. Extra large flowers striped lilac on a white ground. The general effect is light lavender blue. Fine flower. Increases rapidly. 12 for 40c, 100 for \$2.75.

Purpurea Grandiflora. Rich deep blue purple. The extra large beautiful flowers have unusual substance. 12 for 45c, 100 for \$3.00.

Remembrance. Very large flower of deep lavender-blue. Free flowering. 12 for 50c.

Snowstorm. Very large flowers of pure white. Considered by many the most beautiful white in existence. 12 for 50c.

Striped Beauty. The finest of the striped crocuses. The very large flowers are delicately colored with narrow lavender strips on white ground. 12 for 40c.

Ten largest size bulbs of the above 10 splendid giant crocuses. 100 bulbs for \$2.90.

Mixed Large Flowering Crocuses. A well blended mixture of the above varieties. Largest bulbs, 12 for 40c, 100 for \$2.75.

All Colors Mixed. Good blooming size bulbs in a well-blended mixture of all the different colors. 25 for 50c, 100 for \$1.75.

AUTUMN FLOWERING VARIETIES

No bulbs after October 15.

The autumn flowering crocuses are very airy and lovely. Coming up with no foliage, the delicately colored blossoms are extraordinarily effective and colorful.

Sativus (Saffron Crocus). Large flowers of purplish lilac, feathered violet, with showy orange stigmata. 12 for 60c.

Speciosus. Large bright violet-blue flowers beautifully veined, with a bright yellow throat and orange red anthers. 12 for 55c, 100 for \$3.50.

Speciosus Aitchisonii. Long handsome flowers with sharp tapering petals of lavender feathered a deeper shade. Silver flush on outer petals. Very late. 12 for 85c.

Zonatus. Beautiful flowers of soft rose lilac with a yellow throat. Very free flowering and easy to grow. 12 for 55c, 100 for \$3.50.

CONLEY'S BLOSSOM FARM

Don't Forget to Fill in Your Name and Address

All orders to the amount of \$2.00 or more sent postage or express paid. On smaller orders, please add 10¢ to help cover packing and postage. No Sales Tax in Oregon.

Filled_____

If you have gardening friends who expect to buy bulbs for fall planting, we would be glad to send them a copy of our catalog. Just write their names and correct addresses on the back of this order blank.

[illegible]

HYACINTHS

No other early spring plant provides us with such a wide range of joyful coloring along with the most delightful fragrance. Hyacinths are very easily grown out-of-doors—a good fertile soil with decent drainage is all they ask. They are the easiest of the bulbs to force either in pots with soil or in glasses of water. Always make sure of good root growth before bringing them in to the heat. Then see that they have plenty of water and are not too warm.

It is a great error to think that you need the great over-fed "top size" bulbs to get good spikes of bloom in hyacinths. The medium or "bedding size" is the most satisfactory for outside planting and force splendidly. We know for we flower a lot of them each year.

No bulbs available after December 20th.

City of Haarlem. The finest of the yellows. Large well formed trusses of golden yellow changing to creamy yellow with age. An excellent variety for forcing or bedding.

Grand Maitre. Very beautiful clear porcelain blue. Long compact spike of large bells on a strong stem.

King of the Blues. Finest dark blue. Splendid large truss with dark violet-blue bells. Beautiful rich color.

Lady Derby. Beautiful clear rose-pink. Extra large truss with a strong stem. Good forcer.

La Grandesse. The finest and most showy pure white. Long full truss of perfect form with fine waxy bells.

La Victoire. Shiny dark pink usually described as red. Earlier than the other varieties in this list.

L'Innocence. Large compact spikes of clear waxy white. The loveliest pure white imaginable.

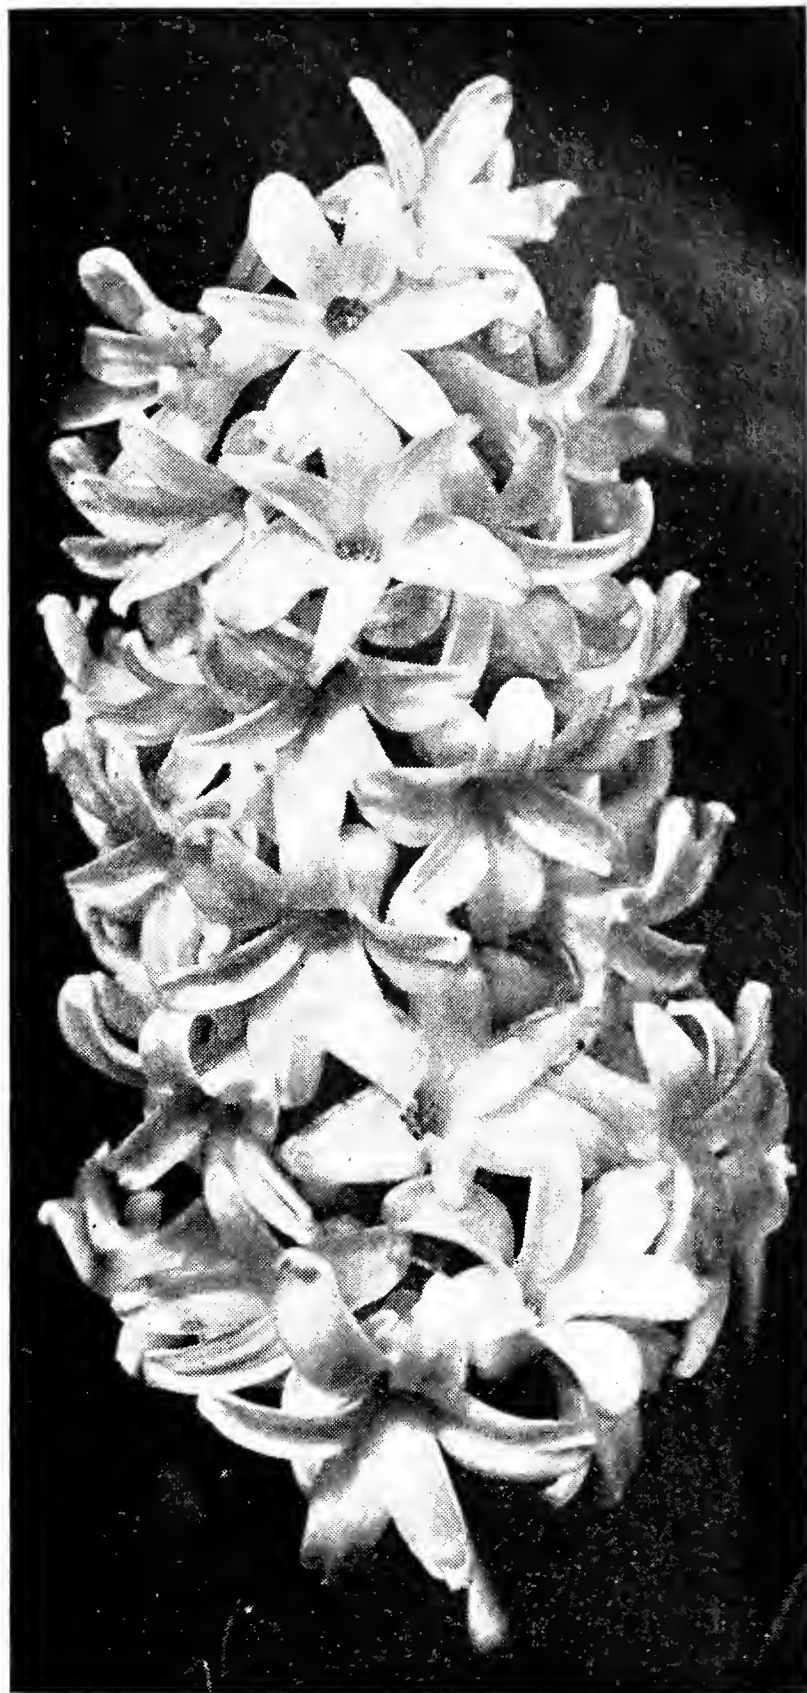

Queen of the Blues. Clear sky blue with silvery reflex. Strong grower and very beautiful.

Queen of the Pinks. Compact spike of deep rose-pink. Good color and substance. One of the best for bedding.

Yellow Hammer. Compact spike of deep creamy yellow. Early.

Mixed Hyacinths. A general mixture of all the above varieties. You may specify the kinds desired if you wish to.

Prices of Hyacinths: Each 12c, 12 for \$1.20, 100 for \$9.00.

Hyacinths Force Easily

Crocuses in Early Spring

Hints on Forcing Bulbs

The most important thing in forcing bulbs is to see that a good root system is established before an attempt is made to bring them into bloom. This one thing is the cause of most of the failures to get good blooms from the bulbs. The procedure for most of the bulbs—Tulips, Hyacinths, Daffodils, Crocuses—is the same.

Pot up the bulbs in a fairly rich soil—good garden soil to which some leaf mold or peat moss has been added is satisfactory. The addition of one pound of bone meal to the bushel is desirable. Soil should not be used that has been used for bulbs before. Broken pieces of pots should be used to provide drainage. The top of the bulb may come within $\frac{1}{2}$ inch of the top of pot, being just barely covered with soil.

Make sure that they are thoroughly watered. Cover the pots with enough soil or sand to keep them from freezing or place in a cool dark cellar. Let them remain until well rooted. This will require at least eight to ten weeks for hyacinths and the earliest Single Early Tulips and longer for most of the other things. When well rooted bring into moderate heat but keep out of light, then when the growth has made a good start expose to the full light.

SINGLE EARLY TULIPS

Because of their brilliancy of coloring coming so early in the spring, the early tulips have always been great favorites for garden display in formal beds and in clumps in the border. While the stems are not as long as the May flowering types, many of the varieties make delightful cut flowers. These are the tulips to use for early forcing.

Coleur Cardinal. A rich crimson tulip with a plum colored bloom on the outer petals giving an effect of unusual richness. Fine substantial flower of globular form on a strong stem. (13-in.) 12 for 70c.

Flamingo. Bright carmine-rose with a white stripe through the center of each delicately crinkled petal. (13-in.) 12 for 70c.

Fred Moore. Deep ruddy apricot shading to orange yellow at the edges of the petals. A lovely sweet scented flower that is splendid for cutting. (16-in.) 12 for 65c, 100 for \$4.50.

Gen. de Wet. One of the finest and most striking of the early tulips. Deep golden yellow flushed and stippled orange scarlet. Fragrant. The large flowers are held erect on a strong stem. (16-in.) 12 for 75c, 100 for \$5.50.

Keizerskroon. One of the greatest favorites for bedding. Very large flowers of bright crimson scarlet with a wide border of clear yellow. (15-in.) 12 for 80c, 100 for \$6.00.

Lady Boreel. A pure white flower of splendid shape and large size. The finest white for bedding. (14-in.) 12 for 80c.

Mon Tresor. One of the best yellows for bedding or forcing. Large pure golden yellow of handsome form. (13-in.) 12 for 75c, 100 for \$5.50.

Pink Beauty. One of the largest and most beautiful early tulips. The heavy fleshy petals are bright cherry-pink with a conspicuous white stripe. 12 for 80c, 100 for \$6.00.

Prince of Austria. A very showy variety, brick-red shading to buff-orange. Sweet scented, beautiful form. (15-in.) 12 for 70c, 100 for \$5.00.

Vermilion Brilliant. One of the most brilliant red tulips, glistening scarlet with yellow base. Splendid for early forcing or for bedding. (12-in.) 12 for 70c, 100 for \$5.00.

White Swan. As graceful as the name would indicate. Large, oval pure white flowers on a long curving stem. A most artistic cut flower. 12 for 70c, 100 for \$5.00.

***Mixed Early Tulips.** A special mixture made up from our named varieties. This assures you a good assortment of colors. 12 for 60c, 100 for \$4.00.

Collection of Single Early Tulips

50 Bulbs for \$2.25, Postpaid

Five colorful varieties chosen to give excellent results for bedding or forcing. Wide range of attractive coloring. Each variety named and bagged separately. Ten bulbs of each variety (50 bulbs) \$2.25.

DOUBLE EARLY TULIPS

The flowers of these double tulips are so large that they form wonderfully effective blocks of color. The blossoms are long lasting, too. They are excellent for forcing but should not be brought in very early.

Boule de Neige. Large peony-like flowers of pure white on a strong stem. 12 for 80c.

Electra. Beautiful deep rose with a tinge of violet. Enormous flowers of great beauty. (13-in.) 12 for 75c.

Mr. Van der Hoeft. Without doubt one of the finest golden yellow double tulips. Very large fully double flowers. (12-in.) 12 for 75c.

Peach Blossom. Large very double flowers of a most delightful bright pink flushed white. Always greatly admired in our plantings. 12 for 75c.

Vuurbaak. Brilliant scarlet with an orange hue when fully open. The finest double scarlet tulip. 12 for 75c.

Mixed Double Earlies. A splendid mixture composed of the above varieties and many others in a wide color range. 12 for 70c, 100 for \$5.00.

COLLECTION OF DOUBLE EARLY TULIPS

Six each of the above five splendid named varieties for \$1.80; 12 each for \$3.50.

Conley's Selection of Garden Tulips

Darwin, Cottage and Breeder Varieties

This collection is made up of our good named tulips especially for those of you who may wish to leave the choice of varieties to us. The ten sorts used are all splendid ones in a comprehensive range of color and form. We are proud of this collection and make every effort to supply bulbs that will more than please you. Each variety separately labeled. 10 each of 10 kinds, 100 bulbs, for \$3.95; 25 each of 10 kinds, 250 bulbs, for \$9.50.

From Bedford, Ohio: "I received the first shipment of bulbs about ten days ago and I wish to compliment you on their excellent quality."

Rainbow Tulip Mixture

Tall Stemmed Giant Flowering Varieties.

The varied hues of this choice mixture are indeed rainbow-like in their extensive range of color. Red, pink, lavender, purple, violet, gold, bronze and yellow—few other flowers can approach the tulip in variety of coloring. Darwin, Cottage, Breeder and Lily-flowering types are represented. This is not an ordinary run of the field mixture. Each package is carefully made up from our named varieties so that we may be certain that it contains the best possible assortment of colors and types. We sell many thousands of this mixture each year and we pride ourselves in making it just as good as we can. The bulbs are all first size, strong and healthy, and sure to bloom. 25 for \$1.00, 50 for \$1.85, 100 for \$3.50, 1000 for \$30.00.

BREEDER TULIPS

The Breeder Tulips are noted for their deep rich coloring and artistic blending of shades, especially of purple, gold, bronze, maroon, buff, etc. Their size of flower and length of stem often exceed the Darwins. Many of them are very long lasting in the garden and offer unusual possibilities for cutting.

Bacchus. (3) Large long flower of rich violet-blue with grape-like bloom on the outer petals. Lasts a long time. (30-in.) 12 for 80c.

Bronze Queen. (2) Attractive soft buff with a suggestion of purple shaded with golden bronze. Inside golden bronze with bright yellow base. Large flower and vigorous grower. 12 for 65c, 100 for \$4.50.

Cardinal Manning. (4) Wine red flushed rosy bronze shading to lighter bronze at the edges. Large egg-shaped flower. (34-in.) 12 for 75c.

Cherbourg. (3) An enormous flower of a beautiful rounding form. The color is a lovely blending of deep yellow with a suffusion of terra cotta. (32-in.) 3 for 50c, 12 for \$2.00.

Dillenburg. (2) Probably the most admired tulip in our planting this year was this glorious salmon-orange flower. It is large, of an attractive long shape, and held high by a good strong stem. (32-in.) 12 for \$1.00.

Feu Ardent. (2) Brilliant deep crimson, shading mahogany. An excellent tulip for the border as it starts early and lasts unusually long. (26-in.) 12 for 80c.

Indian Chief. (3) One of the most artistic of Breeder tulips. The color is Indian brown, flushed coppery brown with a burnished metallic sheen. One of the largest tulips ever produced, with flowers 8 inches across, carried on strong 38-in. stems. 2 for 25c, 12 for \$1.25.

Jaune d'Oeuf (Sunrise). (3) Deep lemon-chrome with a slight flush of pale purple on the outer segments. Large oblong flowers on a tall strong stem. 12 for 75c.

Joy McArden. (2) Light brownish orange, inside bright red orange. A medium sized flower of extremely fine coloring. Lasts unusually well. (28-in.) 12 for 80c, 100 for \$6.00.

Louis XIV. (3) One of the finest of all tulips. The large long lasting flowers are deep purple shaded steel blue and edged golden brown. A wonderfully rich color combination. 12 for 75c, 100 for \$5.50.

Lucifer. (4) Dark orange shaded rose, inside scarlet-orange. A large bold flower that comes at the end of the season. (28-in.) 12 for 90c.

Madras. (3) A really brown tulip. The outside is dark golden bronze shaded violet. The inside is mahogany. (26-in.) 12 for 70c.

Medea. (3) Color is best described as crushed strawberry. The blossom is immense in size and supported by a very strong stem of medium height. (26-in.) 12 for 70c.

Panorama (Fairy). (2) Rich orange-red shaded mahogany with olive green base. Enormous substantial flowers of fine oval shape on strong stems. Excellent for mass planting. (26-in.) 12 for 70c, 100 for \$5.00.

Pink Pearl. (3) The finest pink Breeder. Unusually large blossom of lilac-pink with a rosy bloom. Creamy white base. (27-in.) 12 for 80c.

Prince of Orange (Orange Beauty). (4) A showy flower of good substance and pleasing fragrance. The petals are terra cotta shading to a warm orange at the edges. (26-in.) 12 for 75c.

Dillenburg

Rayon d'Or. Bright, golden bronze, edged bronzy yellow with olive center. Flowers are exceedingly large and perfectly formed. One of the finest new Giant Breeder tulips. (26-in.) 12 for \$1.50.

Reve d'Or. Very bright orange yellow, edged golden with golden bronze overtones. Becomes more beautiful as it ages. (27-in.) 12 for \$1.50.

Roi de Siam. (4) A very fine strong growing tulip that comes at the last of the season. The color is a shining violet-purple shading lighter at the edges. Rather long pointed petals. (28-in.) 12 for 60c, 100 for \$4.00.

St. James. (3) Dark rosy lilac flushed bronze and edged golden brown. A beautiful tulip after the fashion of Louis XIV. 12 for 75c, 100 for \$5.50.

Tantalus. A new Giant Breeder tulip of light cadmium-yellow overlaid with dull violet. Immense cup-shaped flowers. (30-in.) Each 30c, 12 for \$3.00.

Velvet King. An immense flower often with an extra number of petals supported by an extra strong tall stem. The color is the richest of glossy royal purple set off by a small white base. (31-in.) 12 for 75c, 100 for \$5.00.

Mixed Breeder Tulips

Our mixture is carefully made from the named varieties in a fine range of rich and harmonizing shades. We think that you will find it very satisfactory. 12 for 60c, 100 for \$4.00.

From San Francisco, Calif.: "Last season I purchased some tulip bulbs from you. They turned out splendidly both as to length of stems and large blossoms and were very much admired."

Bleu Aimable

City of Haarlem

The Darwin Tulips are noted for their large substantial cup-shaped flowers on strong tall stems. The colors include all shades of pink and red to nearly black maroon. The slaty-blues and blue-violets approach closely to blue. Among the newer varieties are some wonderful white and yellow sorts but the Cottage Tulips are usually called on to supply the yellow shades.

The numbers 1, 2, 3 and 4 indicate relative time of flowering, those numbered 1 being the earliest. All remaining tulip bulbs withdrawn from sale December 15th.

SHADES OF RED

Bartigon. (2) Fiery crimson shading to scarlet at the margin. Splendid for forcing. (24-in.) 12 for 60c, 100 for \$4.00.

City of Haarlem. (3) A very handsome cardinal-red tulip of large size and good substance. The steel blue base and white halo adds to the striking appearance of this wonderful tulip. 31 in. 12 for 80c, 100 for \$6.00.

Eclipse. (2) Glowing blood red of deep rich shade. Steel blue base with white margin. The huge flowers are very substantial with remarkable lasting qualities. The stems are strong and firm. One of the finest of all of the deep red tulips. (30-in.) 3 for 45c, 12 for \$1.65.

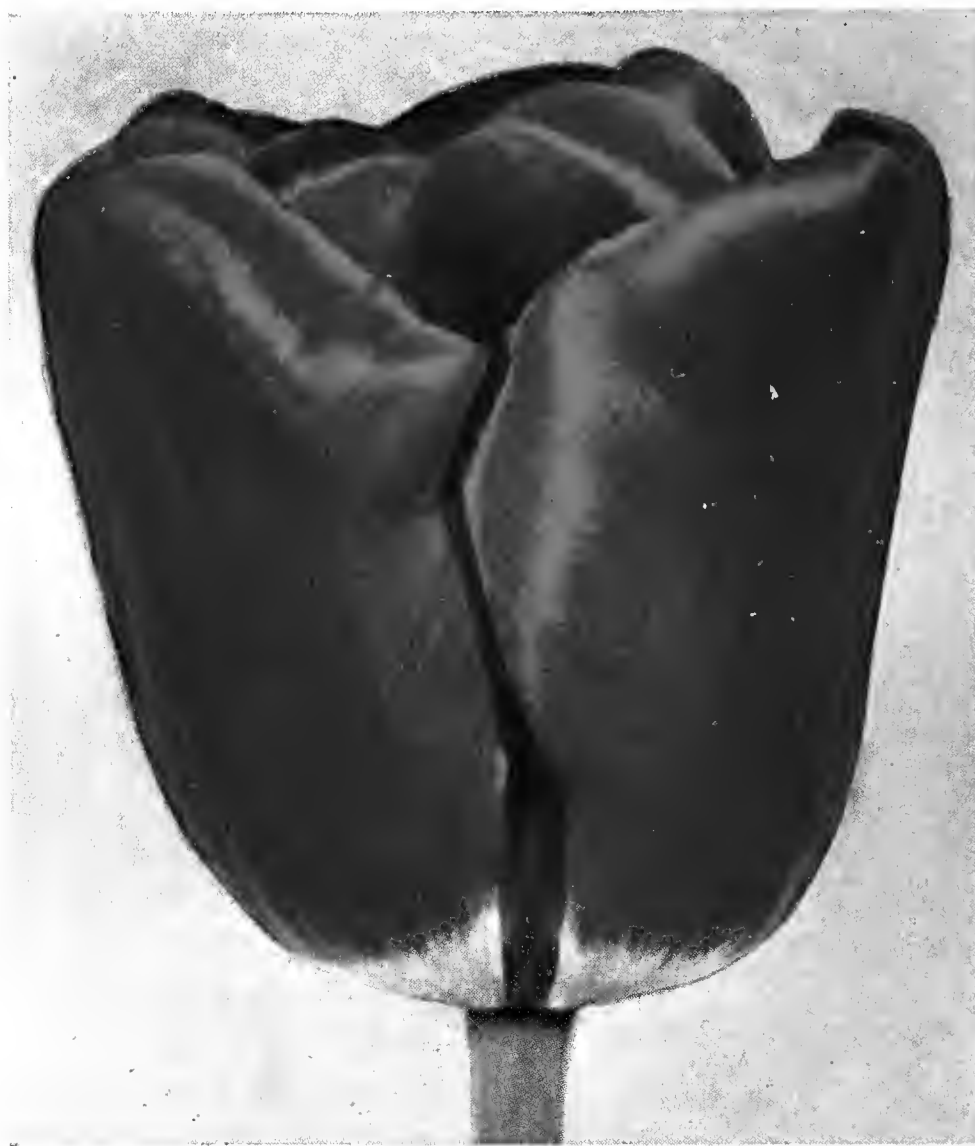

Farncombe Sanders. (2) One of the best red tulips grown. Vivid rose-scarlet with white base. Large flower of perfect shape on a strong stem. (28-in.) 12 for 60c, 100 for \$4.00.

King George V. (3) Brilliant cherry-rose. Splendid large flower of unusual substance on a strong stem. One of the finest tulips. (28-in.) 12 for 85c, 100 for \$6.25.

King Harold. (3) Deep ox-blood red with purple base. Large flower on a strong stiff stem. Excellent variety for the border. (24-in.) 12 for 60c, 100 for \$4.00.

Pride of Haarlem. (1) Enormous brilliant rosy-carmine flower on a very tall stem. Especially desirable because it comes so early. Sweet scented. Unsurpassed for borders. (30-in.) 12 for 60c, 100 for \$4.00.

GIANT DAR

Prince of the Netherlands. (3) Glowing cerise-scarlet shaded rose with a light blue base. Extra large beautiful flower of a brilliant color. (32-in.) 12 for 75c.

Prof. Rauwenhoff. (2) Bright cherry red with glistening scarlet glow inside, brilliant blue base. Large substantial flower on a strong stem. (28-in.) 12 for 60c, 100 for \$4.00.

William Pitt. (2) Dark velvety crimson with purplish shade on outer petals. Excellent forcer and very showy in the garden. (24-in.) 12 for 70c, 100 for \$5.00.

VIOLET AND PURPLE

Faust. (2) Dark satiny purple-maroon. Enormous oval flower of good form and substance. One of the finest dark varieties.

La Tulipe Noire (The Black Tulip). (3) Very dark maroon-black. Fine large flowers of velvety texture. (26-in.) 12 for 70c, 100 for \$5.00.

New Orleans. (3) Large substantial flower, rich pansy violet merging into dark crimson. Base, indigo blue; anthers, black. A most unusual color (28-in.) 12 for 90c.

The Bishop. (3) The finest variety in its color class—violet purple. A very impressive flower of great size on a strong stem. (29-in.) 12 for \$1.00.

DARWIN TULIP COLLECTION

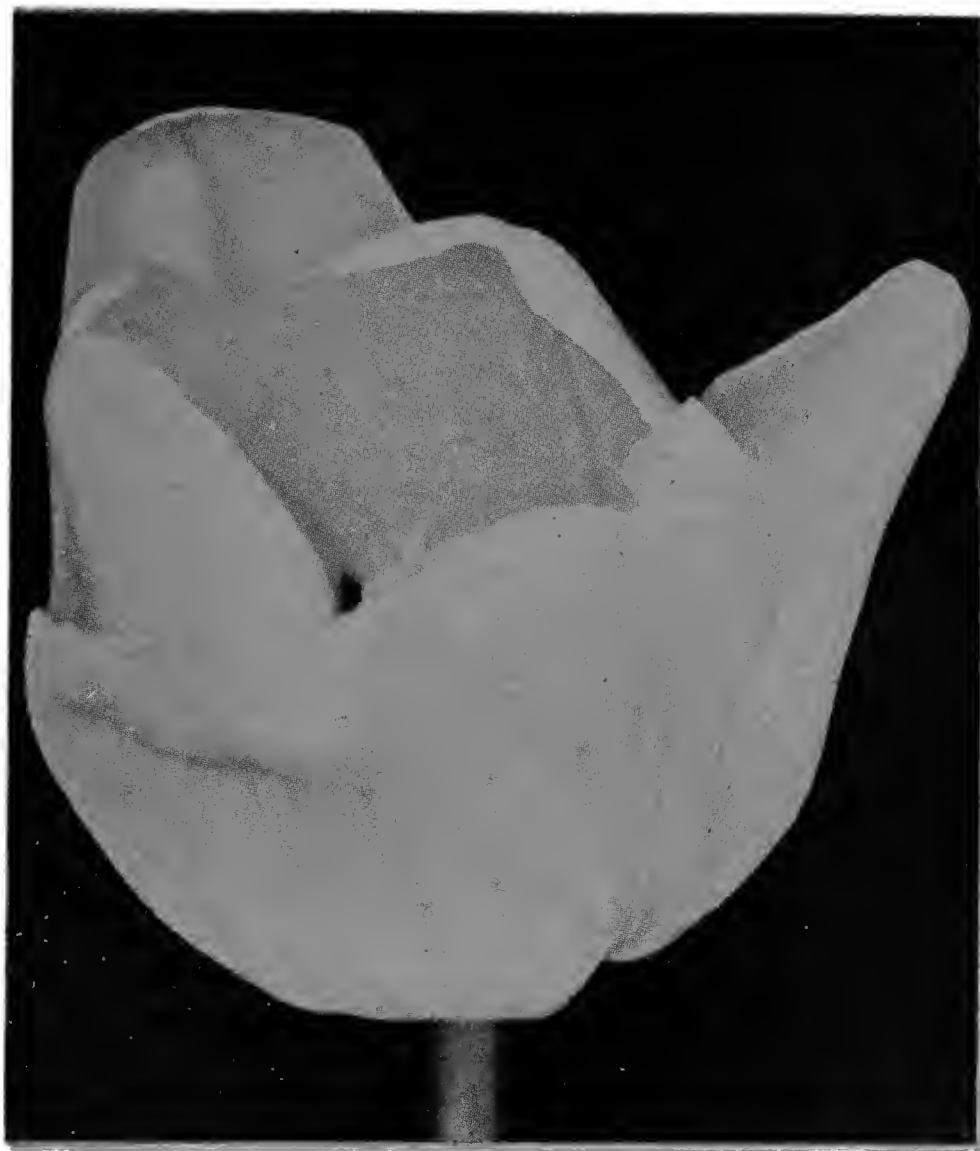

Here are six fine Darwin Tulips that are universally liked. They are all strong, dependable varieties with large substantial flowers and strong stems. Each variety separately packaged and correctly labeled. Farncombe Sanders. Pride of Haarlem. Clara Butt. Dream. Faust. Cherry Blossom.

36 bulbs (6 each, value \$1.95) for \$1.80.

72 bulbs (12 each, value \$3.90) for \$3.50.

120 bulbs (20 each, value \$6.50) for \$5.75.

DARWIN TULIPS

PINK AND ROSE

Afterglow. (4) Soft apricot-orange shaded salmon at the edges. A beautiful large flower of unusual coloring. (30-in.) 12 for 70c, 100 for \$5.00.

Aphrodite. (3) A really fine silvery rose-pink tulip of a most delightful clear texture. Large flower on a tall stem (32 in.) 12 for 80c, 100 for \$6.

Baronne de la Tonnaye. (4) Bright rose margined blush rose. Large well formed blossoms excellent for cutting. (26-in.) 12 for 60c, 100 for \$4.

Centenaire. (2) Rich violet-rose with large blue base. Large flower of splendid form and good substance. (32-in.) 12 for 70c.

Cherry Blossom. (1) Beautiful rose-pink sport of Pride of Haarlem. It has the large size, early flowering and other good qualities of the parent. The buds are rose-pink marked with green changing to light rose as it opens. 12 for 70c, 100 for \$5.

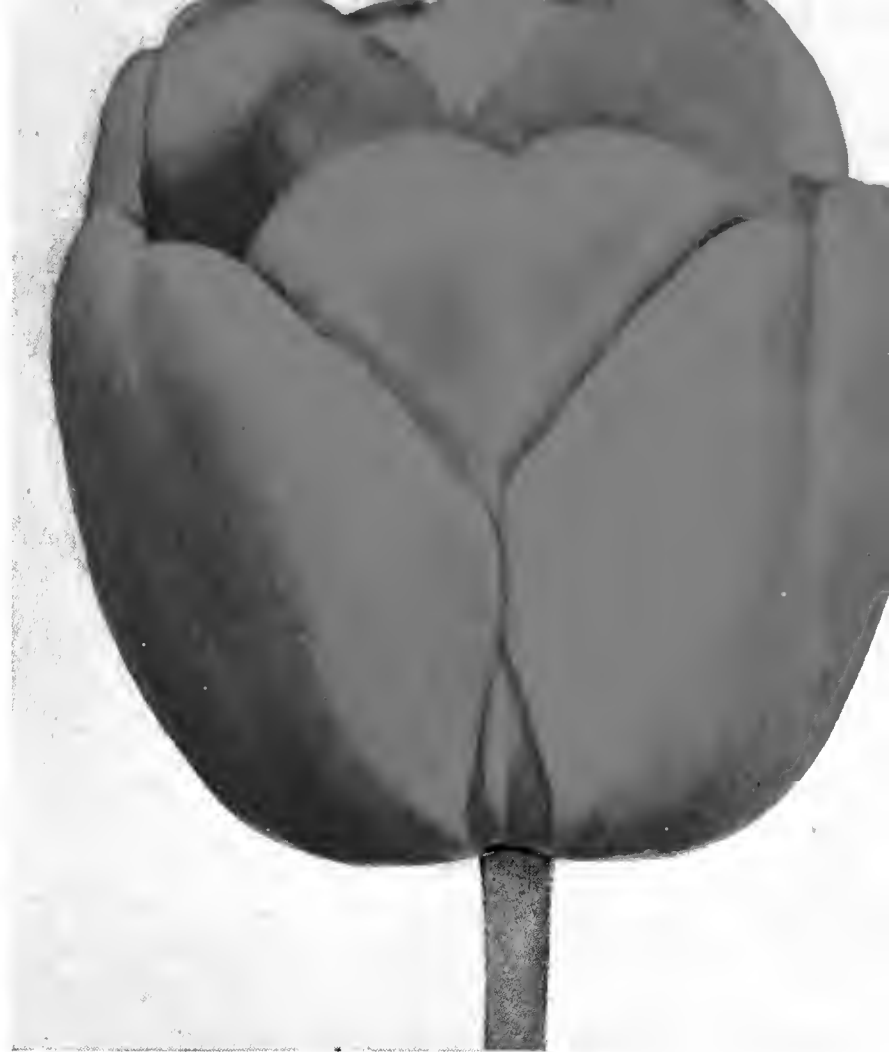

Clara Butt. (3) The loveliest and most popular pink tulip. The outside is clear true pink, shaded salmon. The inside is deeper pink. Should be planted in quantity for the garden and for cutting. Fortunately this beautiful tulip increases rapidly and we can make the price very reasonable. 23 in. 12 for 55c, 100 for \$3.50.

Princess Elizabeth. (2) Clear rose pink deepening in color with age. Fine for the border or forcing. (28-in.) 12 for 60c, 100 for \$4.00.

Princess Mary. (3) Considered by many as the finest and tallest of all rose pink tulips. Carmine rose with blush rose margin. A magnificent variety for exhibition or any other purpose. (35-in.) 3 for 50c, 12 for \$1.75.

Queen of Hearts. (2) A very pure shade of clear and soft rose pink. Very large, well-shaped flowers on tall stately stems. (30-in.) 12 for \$1.00.

Venus. (3) A beautifully formed flower of pure silvery rose. Considered by many as the loveliest of all pink tulips. (30-in.) 12 for 80c.

Farncombe Sanders

Yellow Giant

LAVENDER AND LILAC

Bleu Aimable. (4) Clear lavender, shaded steel blue, with a white base. A beautiful flower of distinct shape. (26-in.) 12 for 70c, 100 for \$5.00.

Blue Perfection. (3) Bright, violet blue bordered heliotrope, white base. The petals are attractively pointed and reflexed. (29-in.) 12 for \$1.50.

Dream. (1) One of the most popular in this class. A soft heliotrope flower shading deeper on the inside on a tall graceful stem. Fine for cutting. (28-in.) 12 for 65c, 100 for \$4.50.

Duchess of Hohenberg. (2) A lovely blending of lilac and heliotrope. Magnificent flower of perfect form, borne on a stiff stem. (29-in.) 12 for \$1.25.

Melicette. (3) The purest lavender Darwin. Soft lavender shading to light lavender at edges, inside deeper. Very lovely with soft yellow varieties. 12 for 80c, 100 for \$6.00.

Remembrance. (3) Silvery lilac shaded violet. Very effective when planted with yellow cottage tulips. (25-in.) 12 for 65c, 100 for \$4.50.

Rev. H. Ewbank. (1) Attractive lavender shading lighter at the edges. The flowers have excellent substance and are held on strong straight stems. Very lovely when combined with some of the softer yellow Cottage Tulips. (25-in.) 12 for 65c, 100 for \$4.50.

WHITE AND YELLOW

Yellow Giant. (3) Large finely shaped flower of pure golden yellow. Tall strong stem. One of the best recent introductions. 12 for \$1.00.

Zwanenburg. A majestic white tulip of beautiful form. Large substantial flowers on a tall stem. Highly recommended. 12 for \$1.00.

Mixed Darwin Tulips

A mixture of fine named Darwins, strongest in the pink and red shades with a moderate proportion of other colors. Very satisfactory where plantings of mixed colors are wanted. First size bulbs, 25 for \$1.00, 100 for \$3.50, 1000 for \$30.00.

Mrs. Moon

From Pennsylvania: "The few bulbs I got last year were lovely. . . . It is a pleasure to get bulbs you know will bloom the next spring."

Dido

ENGLISH COTTAGE

Included with the charming Cottage Tulips are some of the new Hybrid Tulips—the finest examples of the hybridizer's art. While many of the older varieties were exceptionally graceful with their pointed petals and slender stems, among these new hybrids are some of the largest and most dazzling tulips in existence. The Cottage Tulips bloom with the Darwin and Breeders and are called on to supply most of the fine yellow varieties for planting with the latter sorts. For cutting they are the most graceful of tulips and some of the shorter kinds with their brilliant colorings are unsurpassed for bedding.

The numbers 1, 2, 3 and 4 indicate relative time of flowering, those numbered (1) being the earliest. The other numbers in parenthesis denote height.

ORANGE, SCARLET AND RED

Advance. An extraordinary large tulip of brilliant fiery red. A hybrid of *Gesneriana Spathulata* and the tulip species *Gregii*. (28-in.) Each 20c, 12 for \$2.00.

Gesneriana Spathulata. (3) Rich crimson-scarlet with a steel blue base. A long pointed flower that opens up like a brilliant poppy. (24-in.) 12 for 70c, 100 for \$5.00.

Grenadier. (2) Certainly this is one of the most brilliant of all tulips. Dazzling orange-scarlet with yellow base. The large flowers have sturdy stems of medium height making this one of the finest late tulips for bedding. (21-in.) 12 for 70c, 100 for \$5.00.

Inglescombe Scarlet. (3) Brilliant scarlet with black base. Long slender pointed petals. (24-in.) 12 for 60c.

La Merveille. (4) Orange-scarlet flushed rose with yellow base. Large flower of beautiful long shape. Delightfully fragrant. (20-in.) 12 for 60c, 100 for \$4.00.

Mayflower. This extraordinary flower is considered the largest of all tulips. The color is fiery scarlet with blue base. It is the result of a cross between *Gesneriana Spathulata* and *Tulipa Greigii*. (30-in.) Each 30c, 12 for \$3.00.

Orange King. (3) Glistening deep orange shaded rose with yellow base. Large globular flower. Sweet scented. (23-in.) 12 for 60c, 100 for \$4.00.

PINK AND PINK BLENDS

Adonis. (Lily flowering). Long-shaped flower with reflexing petals. Vivid cerise red with white base. 12 for 70c, 100 for \$5.00.

Ambrosia. (3) A very artistic combination of terra cotta and amber with a rosy glow. The very large flowers have great substance and a rather slender form. Delightfully fragrant. 12 for 75c.

Barbara Pratt. One of the most beautiful of the new hybrid tulips. Color is a radiant cherry pink that does not fade in the sun. The flowers have a charming form with slightly reflexing petals. (36-in.) 12 for \$1.50.

Carrara. (2) A lovely snow-white tulip with yellow anthers. The broad round petals have good substance. The flower is large and of good lasting quality on strong stem. (24-in.) 12 for \$1.00, 100 for \$7.50.

Dido. (3) Rich orange-rose with shadings of salmon and orange yellow. One of the loveliest tulips ever introduced. The flowers are very large and well formed. (30-in.) 12 for 75c, 100 for \$5.50.

Fairy Queen. (3) Unusual combination of rose-lilac with amber-yellow margin. Large oblong blossom. (20-in.) 12 for 60c.

Inglescombe Pink. (2) Soft rosy pink flushed salmon, changing to rose when in full bloom. A splendid cut flower. Very free flowering. (26-in.) 12 for 55c, 100 for \$3.50.

AND BRIGHT NEW HYBRID TULIPS

Jeanne Desor. A strikingly beautiful and unusual hybrid tulip. Deep orange yellow with a broad border of scarlet toward the edge of the petals. (28-in.) 12 for \$1.00.

John Ruskin. (3) One of the most graceful and charming of the cottage tulips. Long egg-shaped flower of salmon-rose edged soft yellow. Inside shaded rosy-lilac. (18-in.) 12 for 60c, 100 for \$4.00.

Lord Carnarvon (Triumph Tulip). (1) Large pointed petals of white with broad band of clear bright pink. A beautiful tulip of attractive shape. 12 for 80c.

Picotée (Maiden's Blush). (3) Opens pure white. Later the gracefully reflexing pointed petals become beautifully margined and penciled with bright pink. An especially charming cut flower. (22-in.) 12 for 60c, 100 for \$4.00.

Sirene (Lily-flowered Tulip). (2) The long petals are sharply pointed and curve outward, giving the flower a true lily form. The color is a most beautiful shade of cerise-pink with a pure white base. One of the most beautiful cut flowers among the tulips. 12 for 70c, 100 for \$5.00.

The Fawn. (3) Rosy-fawn color changing to soft rose. A graceful tulip of unusual color. (20-in.) 12 for 60c, 100 for \$4.00.

Mixed Cottage Tulips

Rich yellows, bright reds, pure white and rosy pinks are some of the colors in this mixture. It is compounded from the named varieties of our selection. For a colorful bed or for cut flowers this mixture is strongly recommended. 12 for 50c, 100 for \$3.00, 1000 for \$27.50.

Collection of Cottage Tulips

Six of the best liked varieties in a money saving collection. For the border or for graceful cut flowers these varieties are excellent. La Merveille, Inglescombe Yellow, Picotée, Inglescombe Pink, Gesneriana Spathulata and Orange King.

6 each (36 bulbs) for \$1.65, 12 each (72 bulbs) for \$3.20, 25 each (150 bulbs) for \$5.40.

YELLOW AND WHITE

Alaska. (3) This is a fine tulip of clear soft uniform yellow. Charming long flower with slightly reflexing petals. 12 for 85c.

Albino. Beautifully formed pure white flower of excellent substance. Ivory stamens. Strong stems. 12 for \$1.00.

Avis Kennicott. (3) Rich chrome-yellow with black base and anthers. A large long flower on a strong stem. A very attractive variety. (26-in.) 12 for 80c.

Bouton d'Or. (2) Deepest golden yellow with black anthers. Very substantial cup shaped flower of medium size. (20-in.) 12 for 60c, 100 for \$4.00.

Ellen Willmott. (4) A long pointed flower of soft creamy yellow on a tall strong stem. Deliciously scented. (30-in.) 12 for 70c, 100 for \$5.00.

Gesneriana Lutea. (3) Tall and handsome flower of deep yellow. Vigorous grower with fine stem and foliage. (24-in.) 12 for 65c, 100 for \$4.50.

Inglescombe Yellow. (4) The most popular of all yellow tulips. Large globular flowers of glossy canary yellow. Free flowering and increases rapidly. Often called the "yellow Darwin" as it has the true Darwin shape. Height 25 in. 12 for 50c, 100 for \$3.50.

Moonlight. (1) Lovely shade of soft pale yellow. Large flower of a fine oval shape. (25-in.) 12 for 70c, 100 for \$5.00.

Mrs. F. E. Dixon (Sulphur Beauty). One of the finest of all Cottage tulips. Immense flowers on strong, stiff stems. The softly colored sulphur-yellow blossoms have an unusual wax-like texture. (28-in.) Each 25c, 12 for \$2.50.

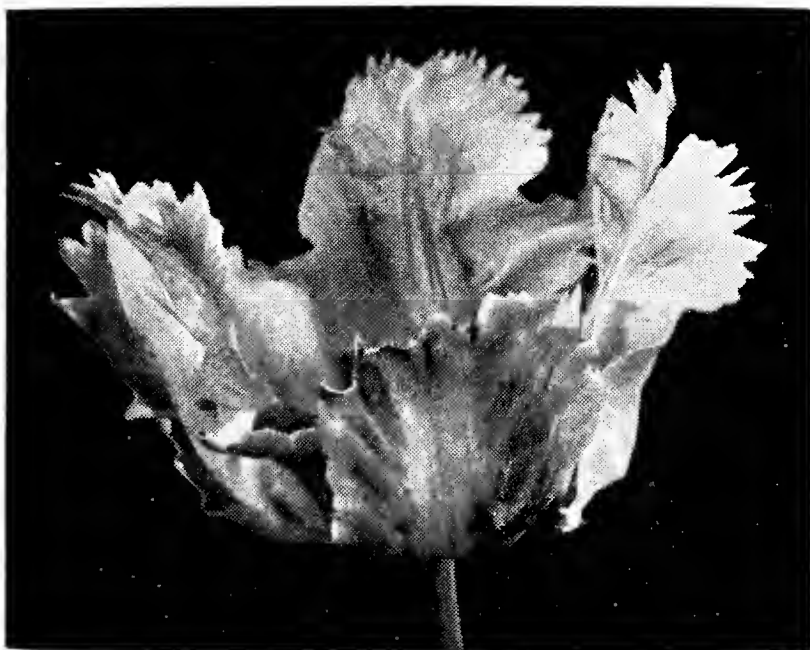

Mrs. Moon. (4) Rich golden yellow. One of the finest late tulips. The blooms are large with pointed petals and are carried on tall, strong stems. (25-in.) 12 for 75c.

Nathaline May. A very tall, graceful show tulip, opening sulphury white, as it develops becoming pure white, with some hardly noticeable crimson spots. Black anthers. (32-in.) 12 for 75c.

Retroflexa Superba. (Lily flowering). Splendid yellow flowers with greatly recurving petals, giving a true lily-like form. A very artistic cut flower. 12 for 70c.

White Ensign. (Lily flowering). Creamy white, turning pure white. A large flower of fine form and substance on a strong tall stem. (34-in.) Each 20c, 12 for \$2.00.

Gay and Colorful Parrot Tulips

Parrot Tulip Fantasy

The unusual form and striking colorations of these tulips make them most suitable for cut flower purposes. The flowers are very large with deeply lacinated and encrusted petals. The older

varieties are scarcely able to hold up their heads but Fantasy stands up as erect as a Darwin.

Admiral de Constantinople. (2) Brilliant scarlet with orange markings. 12 for 75c.

Cramoisi Brilliant. (2) Rich blood-crimson with purplish black markings. 12 for 75c.

Fantasy. (3) One of the outstanding tulips of recent years. A sport of Clara Butt with strong tall stem and blossom of enormous size. The inside of the flower is geranium-red. The outside is salmon-pink to scarlet with apple green marks and encrustations. 12 for \$1.00, 100 for \$7.50.

Gemma. White petals tinted with pink. Slightly feathered and frilled. A sport of the early tulip, La Reine, and flowers with the early tulips. Beautiful cut flower. 12 for \$1.00.

Lutea Major. (2) Lovely clear yellow with green and red markings. 12 for 75c.

SPECIAL MIXTURE OF PARROT TULIPS

If you like bright gay flowers try this mixture of red, orange and yellow parrots with their striking splashing and markings of brightly contrasting colors. Strong sure-to-bloom bulbs. 12 for 70c, 100 for \$5.00.

BOTANICAL TULIPS OR SPECIES

Tulip Kaufmanniana

We are listing here some of the finest tulip species. Since they are the ones that grow readily under garden conditions they are moderate in price. They may be planted in deep sunny pockets in the rock garden or other places where they will have deep soil, good drainage and plenty of sun. Plant 5 to 7 inches deep and do not disturb for several years.

Clusiana (Candlestick or Lady Tulip). A charming little flower of bright rose edged white. Slender tall stem and very narrow long foliage. (14-in.) 12 for 90c, 100 for \$6.50.

Eichleri. Large flowers of brilliant crimson scarlet with a glistening black center marked gold. Very effective in the rock garden or border. With us it is as easy to grow as the early tulips. 12 for 90c, 100 for \$7.00.

Gregii. This variety created a sensation in our plantings this year. The flowers are simply huge and of a most vivid shade of orange-scarlet. The foliage is unlike any other tulip—mottled with brown purplish dots. Each 40c, 12 for \$4.00.

Kaufmanniana (Waterlily Tulip). Large creamy flowers marked on the outside with carmine. In the sun the flower opens flat showing the yellow center. The earliest of all tulips. (8-in.) 12 for \$1.

Marjoletti. Pale yellow flowers with the exterior base rosy red. Very charming for cutting. (16-in.) 12 for \$1.00.

Culture of Tulips

Tulips should be planted in September or October for the best results. We find earlier planting gives better results than late, although in this climate tulips can be planted as late as December. While a great part of the size of the blooms is determined by the size of the bulbs planted, it is essential that the bulbs be provided with a liberal supply of plant food. Bone meal is always recommended but we prefer a well balanced plant food such as Vigoro. If manure is used be sure it is well rotted and worked carefully all through the soil. Cover the bulbs about four inches and where the winters are severe mulch with straw or dry leaves after the ground is frozen. Lift the bulbs every year when the leaves are turning yellow. Dry carefully. Do not expose the bulbs to the sun or wind. In the fall clean off all old loose skin, roots, etc., and reset again.

WEST COAST NATIVE BULBS

We are offering here a number of our western natives. These are carefully chosen for general planting and have been grown successfully over most of the country.

Brodiaeas

Hardy and easily grown in almost any soil that has good drainage. Plant about 3 inches deep in sun or light shade where they can be left alone. A mulch of leaves in the winter is advisable where the winters are severe.

The flowers are very long-lasting either in the garden or when cut.

Bridgesii. Very handsome species. Large umbel with as many as 50 florets which are widely spreading. A fine reddish-violet color. 12 for 60c.

Capitata. A close cluster of violet-blue flowers on slender stems about 2 ft. high. A long lasting cutflower. 12 for 50c.

Coccinea (*Brevoortia* *Ida-Maia*). Floral Fire-cracker. Each stem bears a head of brilliant crimson red tubular flowers with pea-green tips. Stems 1-2 ft. 12 for 70c.

Hendersonii. This pretty species has a head of eight to twelve tubular flowers, soft yellow with a purple line down the center of each segment. About 12 inches high. 12 for 60c, 100 for \$4.00.

Lactea. Numerous cupped florets of white with green midrib on stems about 2 ft. high. 12 for 50c.

Laxa. "Blue milla." The fine blue flowers grow in a large umbel. One of the best for naturalizing. 12 for 60c.

Pulchella (*Multiflora*). A close cluster of violet-blue flowers on strong slended stems that often reach three feet high. Very long lasting on the plant or when cut. 12 for 50c, 100 for \$3.50.

Erythroniums

These lovely lily-like flowers are also known as Dog-tooth violets or Trout lilies. Their attractive appearance is increased by the richly mottled leaves. They prefer light shade and a moist but well drained soil rich in leaf mold. Plant about 3 inches deep.

Giganteum. Large creamy flowers with deeper center. Vigorous and easily grown. 12 for 60c.

Hartwegii. Large flowers of creamy yellow shaded orange in the center. Stands more heat than other varieties. 12 for 60c.

Hendersonii. One to four lily-shaped flowers of light purple with deep maroon center. Leaves mottled with dark brown. 12 for 50c.

Revolutum Johnsonii. One of the most beautiful. Lovely rose-pink flowers and glossy leaves mottled with brown. 12 for \$1.00.

From Santa Clara, Calif.: "The bulbs you sent were splendid looking and we appreciate the generous quantities, and are looking forward to a fine display in the spring."

WEST COAST NATIVE BULBS

Calochortus

These lovely bulbous plants are becoming more used each year as gardeners learn of their exquisite beauty.

(Globe Tulips)

Albus (White Fairy Lantern). Exquisite white flowers with faint greenish tinge, almost translucent. From each stem, about 9 inches tall, swing gracefully many of the little lantern-like flowers. 12 for 50c, 100 for \$3.50.

Amabilis. Several clear yellow flowers on strong branching stems about a foot high. Like partial shade and loose soil containing leaf mold. 12 for 60c.

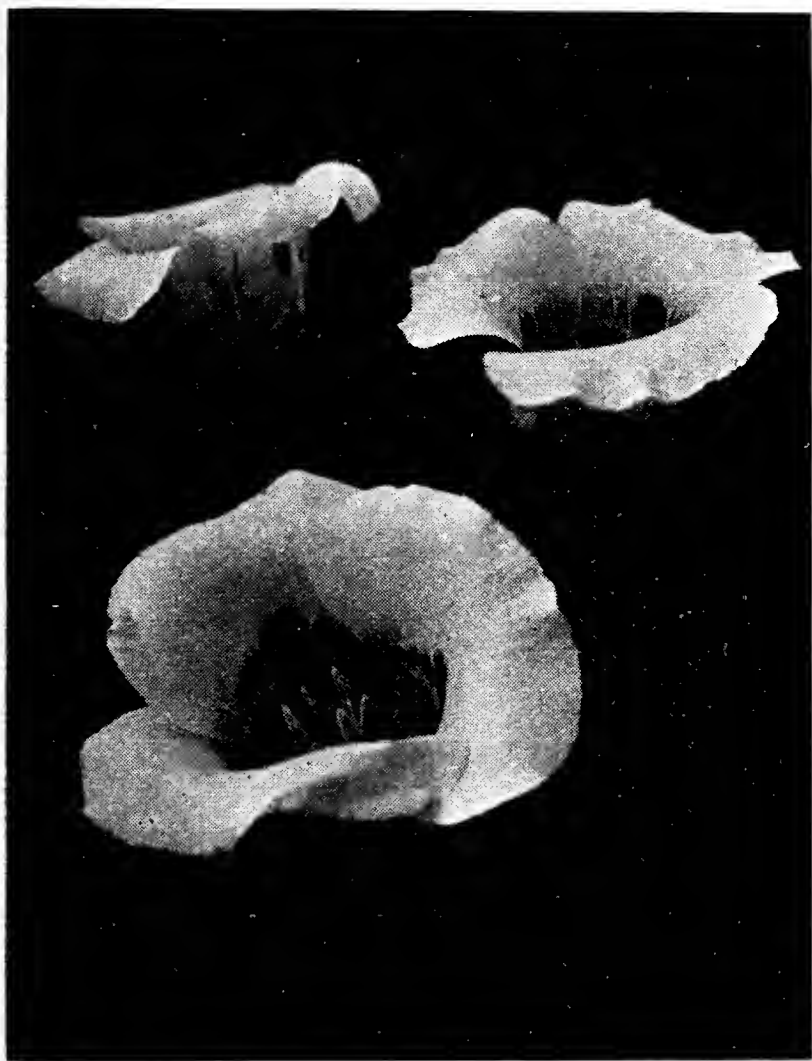

Amoenus. A very beautiful plant similar to *Albus*, but bearing numerous globes of soft rose pink on slender branching stems. 12 for 60c; 100 for \$4.00.

(Mariposa or Butterfly Tulips)

Eurocarpus. Very showy large flowers of white with a large purple blotch on each petal. Each slender 12 to 15-in. stem carries an umbel of several flowers. Very hardy. Needs good drainage and should dry out thoroughly in summer. 12 for 75c.

Macrocarpus. Exquisite lavender flowers with a greenish band down the back. One or two large flowers on stiff stems about a foot high. Likes same conditions as the preceding varieties. 12 for 75c.

Venustus Eldorado. A wonderfully varied mixture. White, lilac to purple and pink to deep red, variously marked. Porous soil, either sun or light shade. 12 for 60c.

Mariposa or Butterfly Tulips

Fritillarias

The fritillarias are near relatives of the lilies with pendant bell-shaped flowers and leafy stems.

Lanceolata. Queerly mottled flowers of green and brown. Stems about 1½ ft. high. They need a porous soil containing leaf mold. Partial shade. 12 for 80c.

Pudica. Three to six golden bells on stems about 6 in. high. Needs full sun and a light loose soil. 12 for 80c.

Recurva. Like a small lily with orange scarlet flowers. Stout stems 1½ to 3 ft. high. Culture the same as *lanceolata*. 12 for \$1.00.

Camassia Leichtlinii

Camassia (Camas)

An Oregon native that is perfectly hardy and succeeds in places where other bulbs could not live. They are often found in low wet places submerged in the winter and baked hard in the summer. They take kindly to cultivation and do well under ordinary garden conditions or when naturalized along the sides of streams and ponds or in the open woods. Plant in the fall about four inches deep, preferably in clumps of a dozen or more. The bulbs may be left undisturbed for years.

Cusickii. This rather scarce species produces bulbs of enormous size. From them arise numerous wide gray-green leaves. The erect spike bears a great number of medium sized blossoms of soft blue-lavender. Each 20c, 12 for \$2.00.

Leichtlinii. We consider this the finest of all *Camassias*, and it certainly deserves a place among the choice plants in any garden. The blossom spikes have been likened to *Eremuri*, although the stems are not as tall, but the individual flowers are more attractive. Well-grown plants often have stems up to 4 and 5 feet with as many as 100 buds that open in long succession. Foliage is heavy and deep green. The beauty of the blue types is greatly enhanced by the bright golden anthers. We can supply (1) creamy white, (2) intense deep blue, (3) bright medium blue, and (4) a mixture containing all these colors. 12 for 75c, 100 for \$5.00.

Quamash. Clear deep blue flowers on stems about 2 feet tall. Showy in masses. 12 for 50c, 100 for \$3.00.

From a good customer in Oshkosh, Wisconsin: "Had beautiful flowers this spring from bulbs purchased last fall."

Hardy Small Bulbs that Flower in Earliest Spring

Chionodoxa (Glory of the Snow)

Luciliae. Bright blue with pure white center. Often a dozen flowers on each five-inch stem producing a very delightful effect. In bloom before the crocuses. Should be planted in clumps three inches deep where they need not be disturbed for years. 12 for 40c, 100 for \$2.50.

Eranthis (Winter Aconite)

Hyemalis. With us this is usually the first flower of the new season — a cheerful bright flower like a golden buttercup above a collar of deeply divided green leaves. Height about four inches. One of the few bulbs that will thrive under trees. They self-seed freely. Plant about two inches deep. 12 for 40c, 100 for \$2.50.

Galanthus (Snowdrop)

These are really winter flowers, coming into bloom whenever there are a few mild days in January or even December. When once established they increase by seeds and division, forming nice clumps that may be left undisturbed for years. Plant about two inches deep as early in the fall as possible.

Byzantinus. This giant snowdrop has broad shiny leaves and large snow-white globular flowers. As it comes very early it should have a somewhat sheltered position. 12 for 75c.

Elwesii. Especially recommended for the warmer parts of the country where *nivalis* does not do so well. Larger than the old fashioned type. 12 for 50c, 100 for \$3.50.

Nivalis. The old fashioned snowdrop. With us it is usually in bloom in January. 12 for 45c, 100 for \$3.00.

Leucojum (Snowflakes)

Vernum. The spring snowflake. Nodding white flowers tipped with green on stems 6-8 inches high. Should be planted in clumps 4 or 5 inches apart and covered about 3 inches deep. 12 for 75c, 100 for \$5.00.

Muscari (Grape Hyacinths)

Grape hyacinths are one of the most dependable of small bulbs for naturalizing. Each bulb bears several spikes that last a long while. Established clumps, particularly in partial shade, grow stems that are long enough for cutting. The bulbs are so inexpensive that they can be used in large masses.

Amethystinus (*Hyacinthus Amethystinus*). From the slender stems hang from 12 to 20 florets on curving pedicels. The wide-mouthed bells are a glorious clear China-blue with paler streak. Late May and early June. 12 for 50c.

Azureum. (*Hyacinthus Azureus*). A very pretty little sky-blue grape hyacinth that starts flowering very early and stays in bloom for a month or so. Splendid for rock gardens. 12 for 50c.

Armeniacum. This is a taller and stronger grower than Heavenly Blue. Each bulb produces many spikes of deep cobalt blue flowers. Strong spicy fragrance. 12 for 50c.

Botryoides Coeruleum. Bright medium blue early flowering type. Fine for the rock garden or naturalizing. 12 for 30c, 100 for \$2.00.

Heavenly Blue. Splendid variety for mass planting, increasing rapidly. Stays in bloom over a long period as each bulb throws several spikes of rich blue blooms. 12 for 35c, 100 for \$2.00.

Plumosus (*Feather or Plume Hyacinth*). A most unusual flower bearing large feathery plumes of violet blue. May flowering. 12 for 70c, 100 for \$4.50.

Scilla Campanulata

Scillas

The scillas are most satisfactory bulbs for naturalizing and borders. They thrive in woodland or full sun and increase in beauty from year to year. Rodents or insects do not bother them. The *campanulata* (*hispanica*) varieties have erect stems 10 to 12 inches high—higher in rich shady places. To obtain the best effects they should be left undisturbed for several years when they form good clumps.

Bifolia. Four to eight soft blue starry flowers on 3 or 4 inch stems. As they come very early, they are excellent companions for the *eranthis*, snowdrops, etc. 12 for 50c.

Campanulata (hispanica) Alba Maxima. Fine large flowering white. The spikes somewhat resemble Lily-of-the-Valley blossoms. 12 for 45c, 100 for \$3.00.

Campanulata Blue. Splendid free flowering medium shade of blue. The most popular variety. 12 for 40c, 100 for \$3.00.

Campanulata Rosea. A very attractive shade of soft pink. Fine large spike. 12 for 50c, 100 for \$3.25.

Campanulata Mixed. A good mixture of all the above colors. 12 for 40c, 100 for \$3.00.

Nutans. The true English bluebell or wood hyacinth. A charming scilla, less robust in appearance than *Campanulata*. Excellent for naturalizing in bare shady places. White, blue, or mixed. 12 for 60c, 100 for \$4.00.

Sibirica. Of all the early spring flowers we think this has the most delightful color—the clearest intense blue with no markings. Each bulb produces several four-inch spikes bearing a number of the bright little star-shaped flowers. Remains in flower longer than most of the early spring bulbs. Plant three inches deep in shade or sun. First size bulbs, 12 for 45c, 100 for \$3.00.

Sibirica Spring Beauty. A greatly improved type. The blooms are very much larger on taller stems. The color is a brighter blue. 12 for \$1.25.

None of the little bulbs available after Nov. 15.

MISCELLANEOUS BULBS

Anemones and Ranunculi

Half Hardy

These two flowers yield so many brilliant and delightful blossoms at such small cost that they should be used in quantity wherever they can be grown. Each root will produce a good-sized clump throwing 12 or 15 spikes lasting a long time. Along the Pacific Coast they can be wintered without difficulty. Where the winters are more severe they should be well protected or planted in the early spring. The best method of starting Anemones and Ranunculi is to place the roots in moist sand in a moderately warm place until new root growth starts, then plant out in loose sandy soil, covering about 2 inches deep. Make sure the drainage is good.

The bulbs we supply are No. 1 size, not to be confused with the puny little stock sometimes offered at very low prices.

ANEMONES

Anemone Monarch de Caen. A robust strain of the single poppy type anemone with immense flowers on long strong stems. The colors are shades of scarlet, pink, lavender and blue. 12 for 50c, 100 for \$3.00.

Blue Poppy. A beautiful strain all in shades of blue. Large flowers. 12 for 60c, 100 for \$4.00.

His Excellency. Vivid red flowers with a white base. Large single poppy type anemone. 12 for 60c, 100 for \$4.00.

St. Brigid-Creagh Castle. Large semi-double flowers in a wonderful assortment of delicate and brilliant shades of color including many rose, pink, lavender and blue. 12 for 60c, 100 for \$4.00.

RANUNCULI

Tecolote Giants Mixed. The finest strain of double and semi-double ranunculi. A wide range of marvelous colorings including yellow, pink, orange and red. 12 for 45c, 100 for \$2.75.

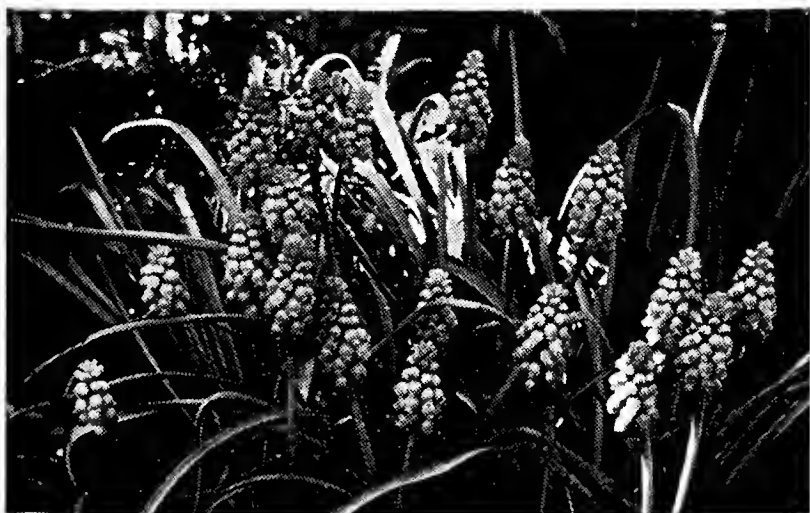

Gold. Beautiful large flowers of brilliant golden-yellow. Extra fine. 12 for 60c, 100 for \$4.00.

Pink Shades. A new selection of delightful pink flowers in many lovely shades. 12 for 60c, 100 for \$4.00.

Red Shades. Many shades of red, from orange-red to deep crimson. Large long-stemmed flowers, mostly double. 12 for 60c, 100 for \$4.00.

Ornithogalum

Arabicum (Star of Bethlehem). Large clusters of star-shaped white flowers with black bead-like center. Stems 1 to 1½ ft. Easily forced. Hardy out-of-doors here but needs good protection in colder climates. 12 for 60c.

Muscari

Ranunculus Tecolote Giants

Baby Gladiolus

These graceful little flowers can be easily grown all along the Pacific Coast. They survived last winter with temperature down to 8 and 10° F. In colder climates they do well in a frame or cool glass house.

Plant in September or October, about four inches deep. Give some protection during very cold weather.

Blushing Bride. Blush pink with carmine throat markings.

Peach Blossom. Uniform delicate pink.

Spitfire. Brilliant salmon. Very fine.

The Bride. Lovely white.

Large healthy Northwest grown bulbs of the above varieties, separately or mixed, 12 for 75c.

Tecolote Hybrids Mixed. Beautiful new strain in a wide color range. Large bulbs, 12 for 60c.

Freesias

The beautifully colored new freesias have given this ever popular flower a great increase in popularity. Their sweet fragrance and ease of forcing make them most desirable for house culture. A succession of planting in August and September will greatly extend the blooming period. The early plantings may be left out of doors until cold weather, then brought to the window of a cool room. Be sure that they have plenty of water at all times.

Golden Daffodil. Giant blooms of rich daffodil yellow. Very early. 12 for 35c, 100 for \$2.50.

Pink. A beautiful variety with large clear pink flowers. 12 for 35c, 100 for \$2.50.

Purity. Lovely pure white flowers of good substance on long stems. 12 for 30c, 100 for \$2.00.

Rainbow Blend. Made up of many varieties in all the colors of the rainbow. 12 for 30c, 100 for \$2.00.

Ixias—Corn Lilies

Slender graceful spikes of brilliant flowers in shades of yellow, pink, white, and red. Easily forced and splendid outdoors for milder climates. Where winters are severe they need good protection. Mixture of a great many varieties, 12 for 40c, 100 for \$3.00.

HARDY GARDEN LILIES

Oregon-grown lily bulbs have become known as the best obtainable. Not only are they healthier than the imported stock but they can be supplied in a fresh condition with live roots all ready to start growing. Also they are available in the best planting time in the fall.

The varieties listed below are all easily grown if the few precautions are observed. They all need good drainage. With a few exceptions they should have a ground cover and plenty of moisture during the growing season. Varieties not otherwise specified are available until December 20th, unless previously sold out.

Auratum Platyphyllum. The broad leaved vigorous growing type of the Gold-banded lily. The flowers are really enormous, sometimes as much as 12 inches across, of white with a stripe of rich golden yellow through the center of each petal. Plant 6 to 10 inches deep.

Strong medium size bulbs, Oregon grown, 40c each, 12 for \$4.00.

Brownii (True). Most exquisitely formed trumpet of pure white with green shadings in the throat and corinthian purple on the outside. June-July. Plant 8 in. deep. Fine bulbs, \$2.00 each.

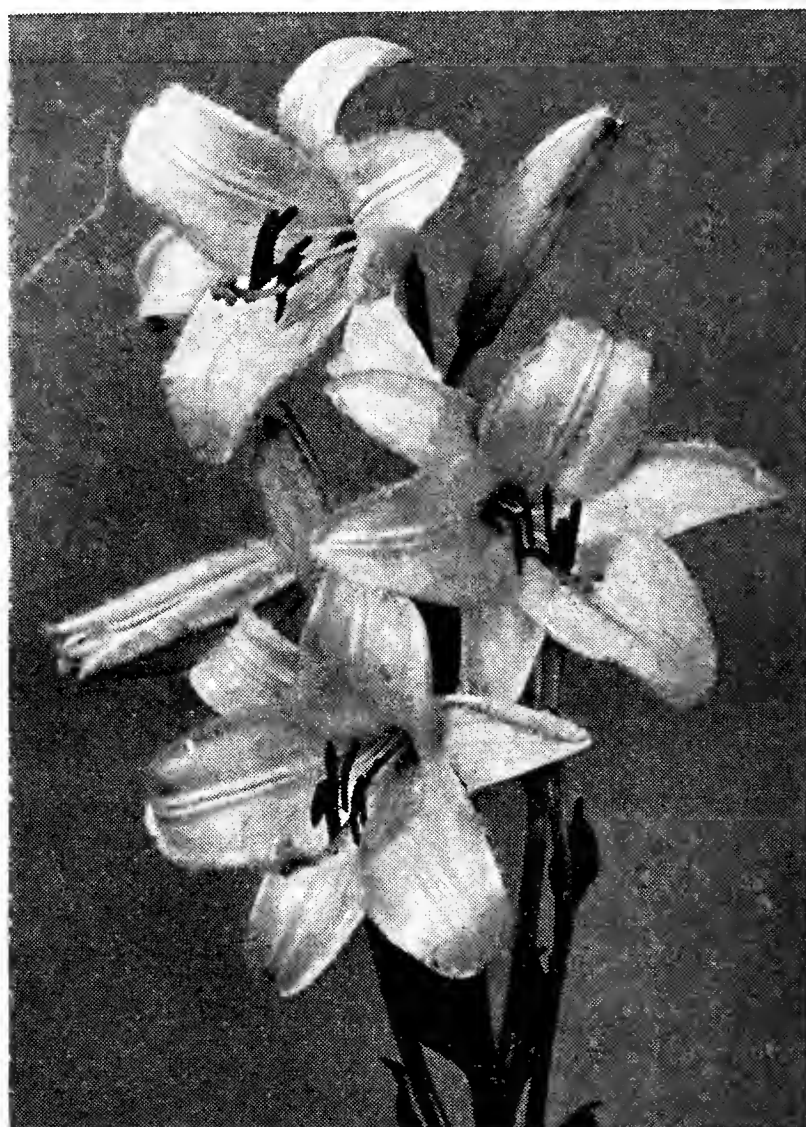

Canadense. A pretty little lily with gracefully drooping flowers. The color varies from yellow to orange-red heavily dotted within. A native of the eastern United States, it is very hardy and excellent for naturalizing. 25c each, 12 for \$2.50.

Candidum (Madonna or St. Joseph's Lily). A tall stately lily with pure waxy white blossoms. Delicious fragrance. Early June to July flowering. Plant in early fall preferably in open sun where the ground will dry out in late summer. Do not cover more than 2 in. No shipments after Oct. 15th. Flowering size, 15c each, 12 for \$1.50. Medium size, 25c each, 12 for \$2.50. Large size, 40c each, 12 for \$4.00.

Formosanum (formerly Philippenense Formosanum). This is a trumpet type lily something like the Regal. The flowers are more slender and the type which we list is much later, blooming in September and October. The long trumpet blossoms are pure, waxy white with a greenish throat and shaded on the outside with chocolate.

Although only introduced a few years ago this fine lily has already become very popular. Blooming size bulbs 15c each, 12 for \$1.50. Large bulbs 25c each, 12 for \$2.50.

Giganteum Himalaicum. This majestic plant has stems often 12 feet tall bearing many very long trumpet shaped flowers—white with a tinge of purple in the throat. Around the base and clothing the stem are many very large heart-shaped leaves. Plant the bulbs shallow in soil rich in leaf mold where they will be completely shaded from the sun. Each, \$2.00.

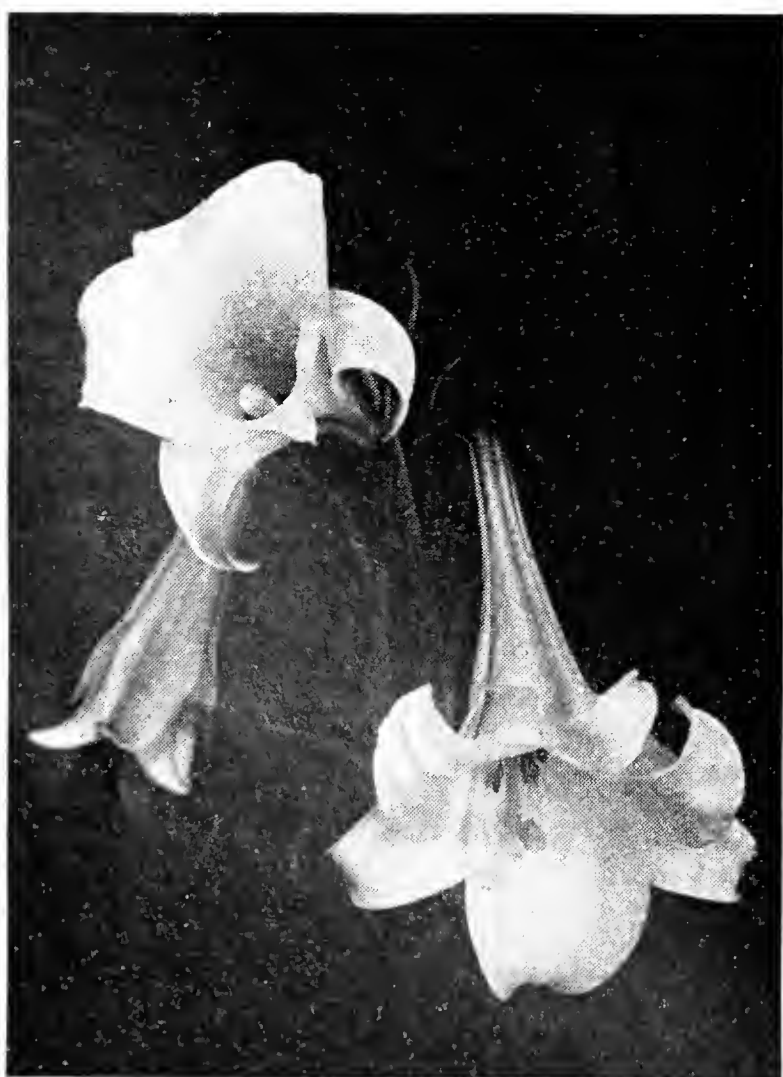

Lilium Candidum

Hansoni. A most desirable lily, very handsome, dependable, hardy and of easy culture. Four to five foot stems bearing many reflexing waxy blossoms of bright orange-yellow. Plant in partial shade, 10 inches deep. June flowering. 40c each.

Henryi. Gracefully recurved blossoms of rich orange-yellow with green band at the center. Tall slender stem sometimes reaching eight feet in established clumps. Very hardy and extremely dependable. Plant 10 inches deep, preferably in partial shade. Large bulbs, 40c each, 12 for \$4.00; strong medium size bulbs, 25c each, 12 for \$2.50; good flowering size bulbs, 15c each, 12 for \$1.50.

Pardalinum. The central half of the strongly recurved petals is bright orange freely dotted with maroon, the outer half is rich orange-scarlet. Tall leafy stems with a large number of the bright blossoms. Very hardy and easy to grow, forming large clumps in a few years. Good sized bulbs, 25c each, 12 for \$2.50.

Pardalinum Giganteum (The Sunset Lily). Because of its brilliant color and vigorous growth this marvelous lily has become very popular both in this country and in Europe since its introduction a few years ago. Strong stems 5-7 ft. or even 9 ft. high with as many as 40 blossoms. The outer portion of the flower is bright scarlet, the inner part is chrome yellow dotted maroon. Much more vigorous and beautiful than *L. pardalinum*. Should be planted by mid-season about 8 to 10 in. deep. Give it good fertile soil where it will have plenty of moisture during the growing season. 60c each, 3 for \$1.65, 12 for \$6.00.

Lilium Formosanum

Regale. The most popular lily in America today. The large trumpet is pure white flushed yellow in the throat. On the outside the white is shaded with wine color. Very vigorous, extremely hardy and succeeds almost everywhere. Established bulbs often have over 20 blooms on stems five or six feet high. Plant 8 to 10 inches deep in good fertile soil where they will have good drainage. Medium size blooming bulbs (6-7 in) 10c each, 12 for \$1.00, 100 for \$7.50. Large bulbs (7-9 in.) 20c each, 12 for \$2.00, 100 for \$15.00. Extra large bulbs (9-11 in.) 35c each, 12 for \$3.50.

Speciosum Rubrum. A great favorite as a garden lily because of its beautiful color and shape and the ease with which it can be grown. The large recurved flowers are deep rose with a white margin. Numerous deep rose spots. Strong Oregon grown bulbs. 40c each, 3 for \$1.10, 12 for \$4.00.

Sulfureum. A rare lily bearing trumpet shaped flowers that reach a length of eight to twelve inches. The stalks reach a height of four to eight feet with as many as twelve blossoms. The color is a pleasing shade of soft sulfur-yellow shading deeper in the throat. It is the latest of the trumpet lilies to bloom. Plant at least ten inches deep and mulch well in cold climates. Strong medium size bulbs, \$1.00 each, 12 for \$10.00.

Superbum. A beautiful American variety with bright orange-scarlet blossoms spotted purplish brown. Established clumps sometimes have spikes eight feet high with 20 or 30 blossoms. Good large bulbs, 25c each, \$2.50 per doz.

Tenuifolium (Coral Lily). Brilliant coral-red recurving blossoms of waxy texture. As many as twenty flowers on a slender graceful stem with long narrow foliage. Very early flowering. The best lily for rock gardens. Large bulbs, 20c each, 12 for \$2.00. Strong medium size bulbs, 10c each, 12 for \$1.00.

Testaceum (Excelsum or Nankeen Lily). One of the finest lilies grown. Most attractive shade of dull apricot or nankeen yellow, beautifully set off by the brilliant orange anthers. Does well under same conditions as L. Candidum. No bulbs after October 20th. Fancy large bulbs, \$1.00 each, 12 for \$10.00. Medium size bulbs, 75c each, 12 for \$7.50.

Tigrinum Splendens. A very robust large blossoming type of the Tiger lily. Deserves to be planted freely. Easily grows to 6 feet with 24 buds and blossoms of bright orange-red with nearly black spots. Extra large bulbs, 25c each, 12 for \$2.50. Medium size bulbs, 15c each, 12 for \$1.50.

Tigrinum Flore pleno. The double form of the above. The best double lily. 25c each, 12 for \$2.50.

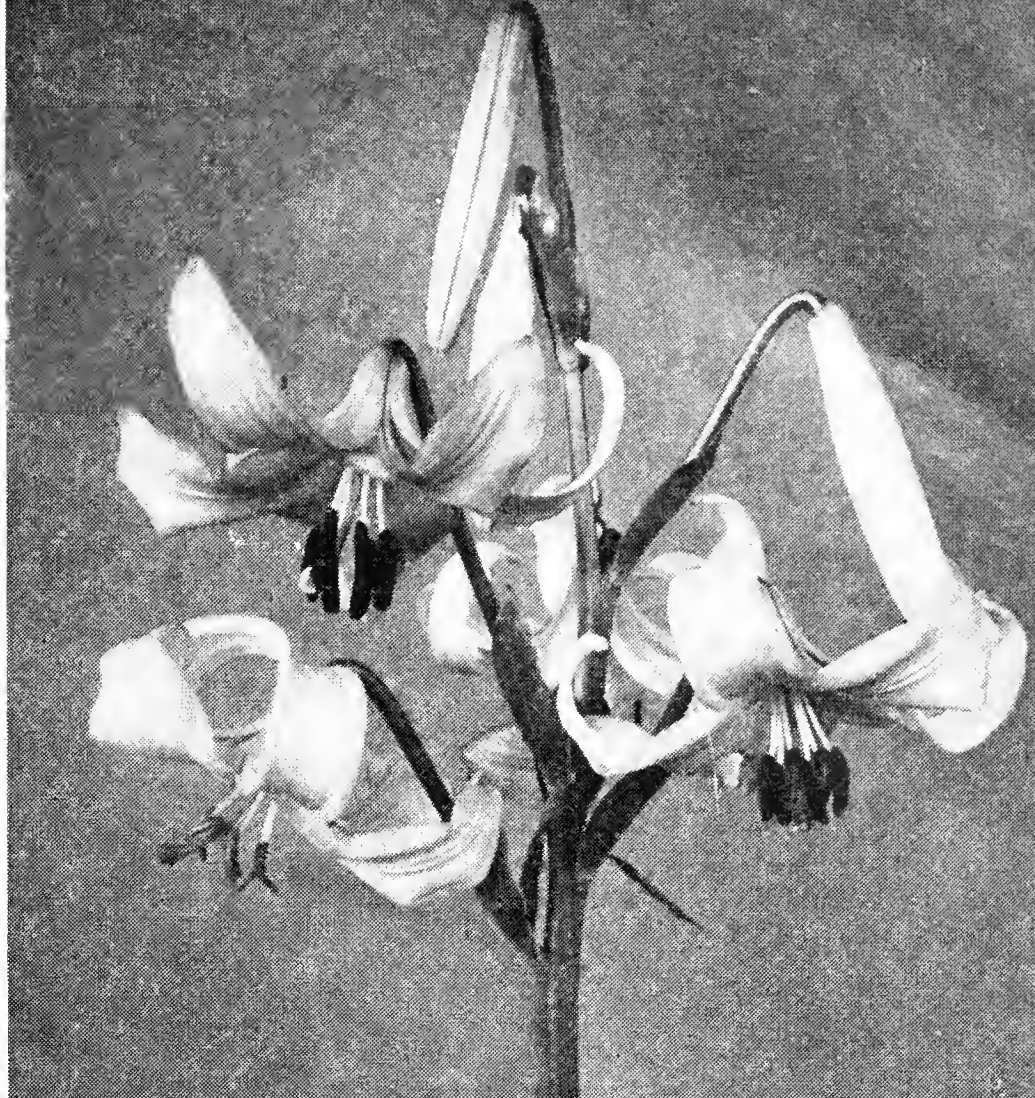

Umbellatum Grandiflorum. The large heads of upright flowers are bright red shaded orange. The strong stems have excellent foliage. One of the earliest lilies coming almost as early as Tenuifolium. Very dependable and not at all exacting in its requirements. Large bulbs, 25c each, 12 for \$2.50. Medium size bulbs, 15c each, 12 for \$1.50.

Washingtonianum (Mt. Hood Lily). A beautiful trumpet shaped lily that is native to Oregon. The blossoms which come in June and July open white and become shaded pink and wine color. Plant 10 inches deep. Large bulbs, 50c each, 12 for \$5.00. Medium size bulbs, 35c each, 12 for \$3.50.

Willmottiae. Bright orange red recurving blossoms on slender graceful stems. Long deep green foliage. Very hardy. 4-5 ft. 35c each, 12 for \$3.50.

Amaryllis

Belladonna (Belladonna or Resurrection Lily). This native of the Cape of Good Hope is hardy on the Pacific Coast and in the District of Columbia. The bulb is similar to an enormous daffodil bulb. The rich broad leaves grow in the winter or early spring. After they die down the bulb remains dormant until about August, when suddenly it sends up its flower spike which may grow 3 or 4 inches in a day, and reach a height of 2 ft. Each spike bears a cluster of large, showy, lily-like flowers of a beautiful rose-pink. Each 20c, 12 for \$2.00. (To the 5th zone only. For farther distant points, inquire for prices.)

Lilium Testaceum

All Season Collection of Easily Grown Lilies

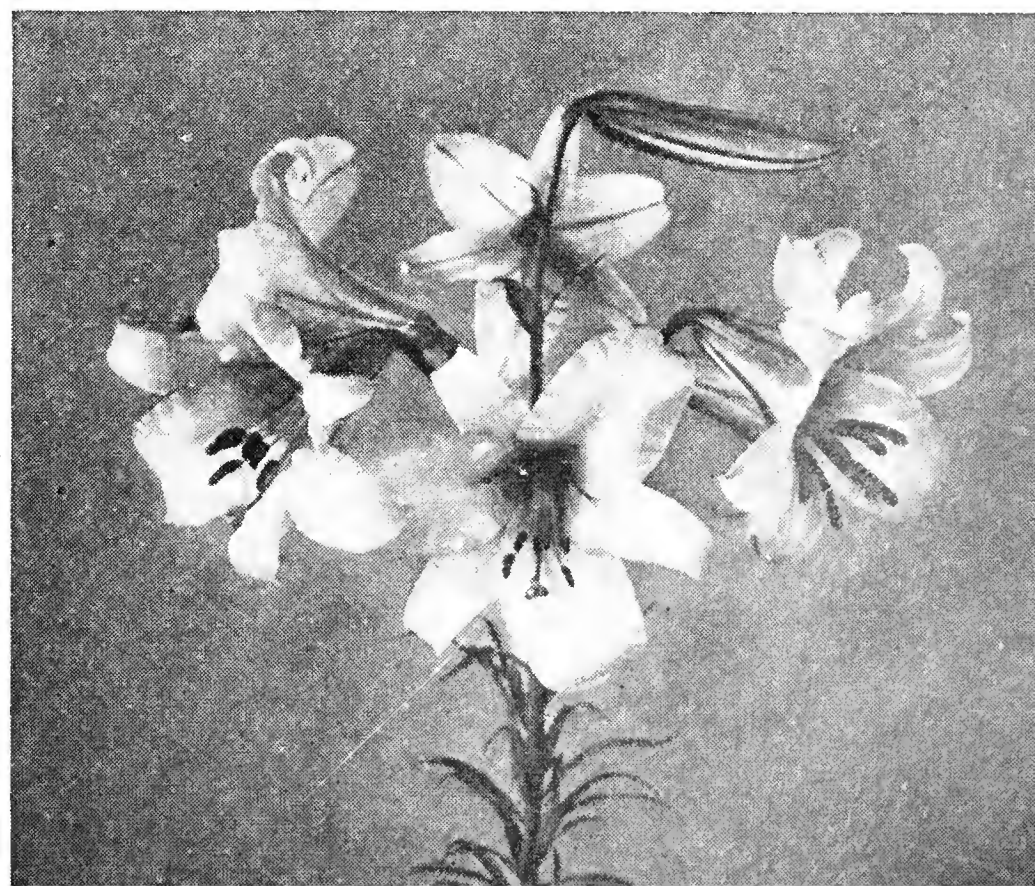

This collection is especially recommended for those who are not experienced lily growers. These varieties are all easily grown and very dependable and hardy. We supply fresh Oregon grown bulbs that should all flower the first year and increase in beauty for years to come. The collection will provide beautiful blooms from May to October, in the following order: Tenuifolium, Umbellatum, Magnificum, Regale, Henryi, Tigrinum Splendens, Speciosum Rubrum, Formosanum.

3 bulbs each (21 bulbs, value \$3.60) for \$3.10.

6 bulbs each (48 bulbs, value \$4.50) for \$4.00.

12 bulbs each (72 bulbs, value \$9.00) for \$8.00.

Lilium Regale

English Irises

English Irises

Of all the irises we think these are the most beautiful. The colors range from white to deep blue, with the most enchanting shades of lavender, orchid and mauve in between. The blossoms are larger than the Spanish and Dutch irises and come later than those types. Plant about 4 inches deep, during September if possible.

Mixed English Irises. Splendid assortment of these magnificent flowers; wide variety of lovely colors. 12 for 80c, 100 for \$6.00.

Fine IRISES that

These fine irises are not grown as much as they deserve to be. For garden decoration and as cut flowers they are graceful and long lasting. The colors are clear and delightful. By proper choice of varieties one can have blooms for two months or more. Wedgewood comes first, followed by the other Dutch varieties, then the Spanish, and finally the beautiful English irises end the season. The Dutch irises we list here are mostly the new de Graaff hybrids which are rapidly superseding the older varieties. They are distinguished by a narrow stripe of bright orange-yellow on the falls.

Iris bulbs should be planted about 4 inches deep in well drained soil. October planting is probably best in most parts of the country. Where the winters are severe the beds should be mulched after the freezing begins.

Spanish Irises

Cajanus. Large graceful blossom of clear golden yellow on tall slender stems. One of the finest yellow irises for the garden and one of the most delightful cut flowers in the whole list.

King of the Blues. Very fine deep blue. A very strong and vigorous grower.

King of the Whites. Graceful flowers of the purest white with a small orange stripe on the falls.

Prices of the Spanish irises separately or in any assortment: 12 for 50c, 3 doz. for \$1.25, 100 for \$3.00.

From California. "Thank you for your prompt service and carefully packed bulbs. They were in perfect condition."

From Washington. "So far the bulbs I have received from you have given the most complete satisfaction."

TERMS

On all orders of \$2.00 or more we prepay the postage or express, whichever we consider the more desirable. On orders less than \$2.00 please add 10 cents to help pay the packing and transportation charges. Cash with order unless credit arrangements have been made. Six bulbs of a variety at the dozen rate. Less than six at the each price which is one-tenth of the dozen price. 25 or more of a variety at the hundred rate. Special quotations on quantities of 250 or more of a variety.

Grow from Bulbs

Dutch Irises

A. Bloemaard. One of the earliest of the Dutch irises. Large flower with dark purplish blue standards, deep blue falls with narrow orange stripe. (20-in.) 12 for 60c, 100 for \$4.00.

Blue Horizon (S. de Vlieger). Very beautiful light blue iris of large size. Good stem and foliage. The very broad and strong falls are soft sky blue. 12 for 60c, 100 for \$4.00.

D. Haring. Pure white falls. Standards slightly tinged lavender turning to white. Large flowers of good substance. A strong vigorous variety. 12 for 50c, 100 for \$3.00.

Golden Bronze. Standards dark violet edged bronze, falls attractive golden bronze. A very beautiful new variety. Late. 12 for 75c.

Imperator (Filifolia). Later blooming than the true Dutch irises, connecting them with the Spanish. Deep blue standards and falls. Large, free flowering and a vigorous grower. 12 for 50c, 100 for \$3.00.

Jacob de Wit. A splendid medium blue iris of a very pleasing shade. The falls are large and somewhat waved. Standards very dark blue. Early. 12 for 60c, 100 for \$4.00.

Leonardo da Vinci. Falls canary yellow with orange stripe, creamy white standards. A very attractive large flower. 12 for 50c.

Poggenbeek. Standards and falls uniform dark blue. One of the most attractive and dependable varieties. Early. 12 for 50c, 100 for \$3.50.

Theresa van Duyll Schwartz. Standards pale corn-flower blue. Falls pure white with narrow orange stripe. Beautiful cut flowers. 12 for 50c.

Wedgewood (Tingitania hybrid). About two weeks earlier than the regular Dutch iris. Large flowers of bright Wedgewood blue. Vigorous growth. 12 for 80c, 100 for \$6.00.

White Excelsior. Large pure white flowers of a very good form and substance. Medium height. Early. 12 for 50c, 100 for \$3.50.

Yellow Queen. Clear golden yellow flowers on tall slender stems. Very effective for a splash of clear yellow in the garden and also a splendid cut flower. 12 for 50c, 100 for \$3.00.

Mixed Dutch Iris. A choice mixture made up of the varieties listed above. 12 for 50c, 100 for \$3.

SPECIAL COLLECTION OF DUTCH IRISES

Four of the most easily grown and dependable varieties in an excellent assortment of colors: Poggenbeek, Yellow Queen, D. Haring, Imperator. Assort them as you wish. 2 doz. for 90c, 4 doz. for \$1.75, 100 for \$3.00.

A customer in Western Texas writes—

"Last year I bought from you fifty Dutch iris bulbs. They bloomed beautifully last spring. When I dug the bulbs I found about a three-fold increase in the one year. I have recommended your bulbs to several of my neighbors and I think you will receive an order from one of them in a few days. It is very gratifying to find something that will thrive in this desert country."

Jacob de Wit

An old customer at Monterey, Calif., writes: "Your narcissus bulbs are very nice indeed and you can well be proud of having raised them on your farm."

Yellow Queen

Olympia
Mrs. E. H. Krelage

Spring Glory
Croesus

Four carefully selected daffodils that will give great satisfaction for years to come. Given here in a money-saving collection. See pages 4 and 5 for separate varieties. Large double nose bulbs that give at least two flowers the first spring. Shipping charges prepaid.
